Dear Mr. Mancroni:

Congratulations on having satisfactorily completed the remedial program at the CH – Kingston Gas Works Site. Enclosed please find an original, signed Certificate of Completion (COC). Please note that you are required to perform the following tasks:

- If you are the site owner, you must record a notice of the COC in the recording office for the County (or Counties) where any portion of the site is located within 30 days of issuance of the COC; or if you are a prospective purchaser of the site, you must record a notice of the COC within 30 days of the date that you acquire the site. A copy of the recorded notice should be provided to the Department's project manager. If you are a non-owner, you must work with the owner to assure the notice of COC is recorded within the time frame specified. A standard notice form is attached to this letter.

Please return the proof of recording to:

Albany, NY 12233-7020

Department of  
Environmental  
Conservation

- Provide the notice of the COC to the Document Repositories within 10 days of issuance of the COC. The Department will develop a fact sheet announcing the issuance of the COC and describing the institutional and engineering controls (IC/ECs), if any, that are required at the site and distribute it to the County Listserv within 10 days;
- Implement the Department-approved Site Management Plan (SMP) which details the activities necessary to assure the performance, effectiveness, and protectiveness of the remedial program; and you must report the results of these activities to the Department in a Periodic Review Report (PRR) which also includes any required IC/EC Certifications. The site IC/ECs are identified on the attached Site Management Form. The first PRR including the certification of the IC/ECs is due to the Department in April 2019.

If you have any questions regarding any of these items, please contact Amen Omorogbe at (518) 402-9662.
