Temperature	56 F	75 F
Weather/Wind Direction	N 0-5 mph	N 5-10 mph

Description of work performed by contr. this report period:

- Work was performed in part for an Interim Remedial Measure plan dated July 29, 2009.
- Royal pumped liquids from the concrete Underground Settling Tanks at 442 Waverly Avenue into a 6150 gallon tanker truck. Royal personnel stated that Clean Harbour of Staten Island would pick up the water (from the tanker truck) on 9/1/09, and that Sterling received the analytical results for water characterization this date.
- Royal workers also pumped liquids from the OWS at 441 Waverly Avenue (located in the AMTEC parking lot below a steel plate) into the 6150 gallon tanker truck.
- Royal mobilized a Cat 314C CR with hoe ram late in the day for use in demolition of the OWS at 442 Waverly Avenue. Work in Progress.

Sampling and Analyses:

- N/A

Discussions/comments regarding visitors, contractor and/or engineer:

Health & Safety:

Level of protection: Level D, Boots, Hard Hat, Safety Glasses.

Is the level of protection in conformance with the approved Health & Safety Plan? Yes

Are atmospheric monitoring results acceptable? Yes
