Please refer to the attached instructions for guidance on completing this application.

Submission of a full BCP application will be required should this application be determined to be a major amendment. <input type="checkbox"/>	Other (explain in detail below)

2. REQUIRED: Please provide a brief narrative describing the specific requests included in this amendment:

A Consolidated Edison utility easement is present on a portion of the BCP Site. Since the utility piping in this easement area, which totals 0.059 acres, cannot be disturbed, this 0.059 acre portion of the BCP Site under which this piping is present subject to the Consolidated Edison utility easement is being removed from the BCP Site Boundary. A figure showing the reduced area is in Exhibit A, a Survey Map showing the reduced area is in Exhibit B and a revised survey showing the new Reduced BCP Site Boundary is in Exhibit C. Please note that the original acreage of the Site listed in the BCA was 1.230 acres, however, the attached surveys show that the original acreage of the Site was 1.237 acres. Using the more accurate acreage from the surveys, 1.237 acres minus the 0.059 acre reduction area, makes the new acreage of the Site 1.178 acres. The metes and bounds legal descriptions of the reduced area and the revised BCP Site Boundary, which is now a portion of Tax Lot 125.66-2-1.11 are in Exhibit D. The corporate authorized signatory consent is in Exhibit E.
