Re: BCA Applications for Amendment for Change of Party for the
Former Wehle Electric Site (BCP #: C704047) and the NYSEG
Washington Street Former MPG Site (BCP#: C704046), both
located in Binghamton, NY

To Whom It May Concern:

Pursuant to the procedures set forth in DER-32, Washington Development Associates, LLC and New York State Electric & Gas Corporation, each hereby respectfully applies to amend its respective Brownfield Cleanup Agreement (Site Numbers C704047 and C704046) to add the other party. This will enable DEC to issue one instead of two Certificate(s) of Completion for the single unitary and contiguous Brownfield Site covered by the two existing BCAs. A more detailed discussion of the rationale for this request is set forth in the accompanying Memorandum from our attorney, Kenneth S. Kamlet. Please contact Mr. Kamlet, if you have any questions or require any clarifications. Thank you.

Sincerely,
