Anthony Bollasina, P.G.
Assistant Geologist - Bureau D, Section D
New York State Department of Environmental Conservation
625 Broadway, 12th Floor
Albany, NY 12204

**RE: Weekly Progress Report (Week 24: October 17-21, 2022)
EJ Victory Building – 59 Lester Avenue, Johnson City, Broome County, New York
NYSDEC Site Number: C704060**

Dear Mr. Bollasina:

On behalf of EJ Victory Building, LLC, NEU-VELLE, LLC (NEU-VELLE) has prepared this Weekly Progress Update to summarize the work performed from October 17 - 21, 2022 at the EJ Victory Building project located at 59 Lester Avenue in the Village of Johnson City, New York (New York State Department of Environmental Conservation [NYSDEC] Brownfield Cleanup Program [BCP] Site #C704060).

SCOPE OF WORK

No excavation/remediation work occurred on Tuesday October 18, 2022.

GENERAL PROTOCOLS

Whenever potentially-contaminated soil was being handled (excavated, staged, backfilled, etc.), NEU-VELLE observed the activities, noted any staining, odors, or sheens, screened soils for volatile vapors with a photo-ionization detector (PID), and conducted air monitoring for volatile vapors and particulates at locations upwind and downwind of the Work Area(s) in accordance with the project's Community Air Monitoring Program (CAMP). The locations of the monitoring stations are presented on the daily CAMP Monitoring Logs provided in Appendix C. Real-time air monitoring results were reported using telemetry technology coupled with instrument-supported (EnviroNet) software. Real-time alerts were programmed to notify NEU-VELLE personnel (via text message) when action levels were exceeded.

WORK ZONE #1 – HELEN DRIVE

The activities that occurred along Helen Drive (on the south side of the Site) during the reporting period consisted of removal of existing asphalt and limited excavations associated with light pole bases, electric conduit, and drainage lines.

WORK ZONE #2 – AVENUE C

The activities that occurred along Avenue C (on the north side of the Site) during the reporting period consisted of limited excavations associated with the installation of drains in the patio area and electrical conduit. Roadway grading and associated preparation (including the installation of demarcation barrier fabric) also occurred during the reporting period.

OBSERVATIONS

The following observations were noted during the reporting period:

- Wind strength and direction was variable. NEU-VELLE attempted to accurately place the upwind and downwind air monitoring stations, and frequently re-assessed the prevailing wind direction. However, the presence of the large subject building was conducive to swirling winds, and winds sometimes blew in the opposite direction for short periods of time.
- Construction activities unrelated to remediation (movement of large motorized lifts, forklifts, bobcats, etc., dumping of materials within dumpsters, etc.) created visible dust for short periods of time. This dust primarily consisted of fine powder created by the heavy equipment pulverizing stone on the asphalt roadways, and was exacerbated by sunny conditions, winds, and low humidity. Areas within the remediation work zone were wetted by use of a garden hose, as needed.
- No CAMP air monitoring alerts were triggered during the reporting period, except for the following:
 - In the afternoon of Friday October 12, a “Stop Work” alert for particulates was triggered (Work Zone #1). Upon notification, the NEU-VELLE representative identified the source as a worker sweeping topsoil from a sidewalk near the downwind monitoring station. The worker was told to stop dry sweeping and the concentrations decreased.

UPCOMING WORK

It is anticipated that the following activities will occur next week: placement of parking lot and sidewalk subbase, roadway/parking lot paving, and decommissioning of groundwater monitoring wells.

CLOSING

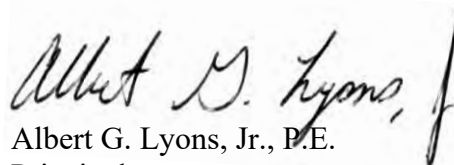

If you have any questions or comments pertaining to this report, please call me at (315) 345-1649 or e-mail me at rmckenna@neu-velle.com.

Sincerely,

NEU-VELLE, LLC

Richard D. “Rico” McKenna
Senior Project Manager

Albert G. Lyons, Jr., P.E.
Principal
