Dear Mr. Flynn:

The New York State Department of Environmental Conservation ("Department") has reviewed the application of Jo Lyn Enterprises, Ltd. d/b/a Standard Portable, dated June 8, 2006, for participation in the Brownfield Cleanup Program ("BCP") with respect to the property at 21 Valley Street and 13 West Lake Road, Mayville. The Department has determined, based on information provided to the Department as part of the application, that contamination is likely to be present on a portion of the property. The Department has further determined, based on the representations and certifications contained in the application and in the supplemental Affidavits of Julianne Baraniewicz, dated September 7, 2006, and Bernard Newhouse, dated August 22, 2006, that Jo Lyn Enterprises, Ltd. is eligible to participate in the BCP as a "Volunteer" as that term is defined in the Environmental Conservation law ("ECL") §27-1405 (109b).

In accordance with the representations made by and on behalf of your client, your client has agreed to address the DNAPL delineated by the Subsurface Site Investigation, despite the subsequent recognition that the DNAPL is located beyond your client's property line. Please be advised that the language of the standard Brownfield Cleanup Agreement has been modified, in paragraph II.B.2., to reflect our understanding.

Please have your client execute and return to my attention, by no later than November 1, 2006, the enclosed triplicate original Brownfield Site Cleanup Agreements. Work conducted at the Site prior to full execution of the Agreements and/or absent an approved work plan will not be considered work done pursuant to the BCP. A fully executed triplicate original will be returned to you for your records.

Very truly yours,
