Please provide a brief narrative on the nature of the amendment:

This Amendment adds the Buffalo and Erie County Industrial Land Development Corporation to the Brownfield Cleanup Agreement.

This amendment modification request is also provided to confirm that as of June 2017, the BCP Parcel is part of new Tax parcel/SBL No. 141.11-1-48.1. The original Brownfield Cleanup Agreement listed the BCP site as being part of the historical tax parcel/SBL No. 141.11-1-1.111. In November 2012 that historical parcel was merged into other tax parcels. The BCP Parcel was then identified as being part of two tax parcels, such parcels being SBL no. 141.11-1-48 (11.33 acres) and 141.11-1-50 (942.73 acres). In June, 2017, the two aforementioned tax parcels were merged, in their entirety, to form a new combined tax parcel identified as 141.11-1-48.1, as explained in the correspondence within Exhibit D.

John Cappellino, Director of Business Development
Industrial Land Development Corporation
C/O ECIDA
95 Perry Street, Suite 403
Buffalo, NY 14203

Dear Mr. Cappellino:

As Director of Development for the City of Lackawanna, I have reviewed the contents of the request for Preliminary Plat Approval to subdivide 2303 Hamburg Turnpike (SBL #141.11-1-48.1) into two parcels, so as to create a new approximately 150-acre parcel, which will be acquired by the Buffalo and Erie County Industrial Land Development Corporation (BILDC) from Tecumseh Redevelopment Inc (Grantor).

Based upon a review and in reliance on your letter of July 10th, 2016, and all attachments thereto, it is understood that:

1. The 150-acre parcel being created will be assembled in four or fewer separate phases to be completed in whole within 6 months, and that each deed conveying a portion of the 150-acres will ultimately be joined into the newly created 150-acre tract being acquired by the ILDC. Thus, there will never be more than two parcels created in the subdivision process we are reviewing at this time; and
2. There are no roads or right-of-ways being created a part of this approval. Access to the grantor parcel and the newly created parcel will initially be provided at the existent Ridge Road entrance to 2303 Hamburg Turnpike. Access across the newly created parcel to the Grantor's and grantors lands will be allowed through temporary licenses, until the already funded and approved Dona Street extension is completed consistent with local road standards. This approval creates no status to any existing pathway, or to any other roads or pathways, and in no way waives the requirements of all roads to meet the City Standards set forth in Lackawanna Code §§ 144-6 through 144-8; and
3. BILDC has represented that a GEIS will be conducted for the proposed redevelopment of the 150-acre parcel; and until such time as the GEIS process is complete, the potential internal roadways and utility corridors, easements, and parklands will be unknown; and

Drew Shapiro
Department of Development

4. The applicants further represents due to the complex history of the past private use of land it cannot make accurate representation as to the existent location all utility lines and services and thus requests the details otherwise required by Lackawanna Code §144-4 (B)(1) not contained within the application, be waived, without prejudice or requirement that the requisite detail as to all improvements to be utilized going forward meet the requirements for Final Plat approval set forth in Lackawanna Code §144-6.
