WHEREAS, TRP has agreed that it will purchase Parcel II-10 from the ILDC for \$750,000; and

WHEREAS, the ILDC has complied with all applicable provision of the PAL related to the contemplated sale of Parcel II-9 and II-10 to TRP as described herein; and

WHEREAS, the City of Lackawanna Planning and Development Board (the "Planning Board") in accordance with Article 8 of the New York Environmental Conservation Law and the regulations promulgated thereto in 6 N.Y.C.R.R. Part 617 (collectively referred to as the "State Environmental Quality Review Act" and/or "SEQR"), undertook coordinated review with respect to the Project, provided the JLDC with a Full Environmental Assessment Form ("EAF") as so related to the Project, established itself as Lead Agency as defined in SEQR, determined that the Project was a Type I Action under SEQR, and on August 20, 2019, issued a negative declaration (the "Negative Declaration") under SEQR with respect to the Project.

NOW, THEREFORE, BE IT RESOLVED BY THE BUFFALO AND ERIE COUNTY INDUSTRIAL LAND DEVELOPMENT CORPORATION AS FOLLOWS:

<u>Section 1.</u> Based upon a review of the Project and representations made by TRP to the ILDC, the EAF, and the City of Lackawanna Planning Board SEQR proceedings and Negative Declaration as submitted to the ILDC, the ILDC hereby:

(i) consents to and affirms the status of the Planning Board as "Lead Agency" within the meaning of and for all purposes of complying with SEQR and determines that the proceedings undertaken by the Planning Board under SEQR with respect to the undertaking of the Project by TRP satisfy the requirements of SEQR; and

(ii) affirms that the Project involves a "Type I" action as that term is defined under SEQR; and

(iii) reviews, considers, ratifies, and adopts such proceedings by the Planning Board, including the "Negative Declaration"; and

(iv) determines that no potentially significant impacts on the environment are indicated in the EAF, and finds that the Project is a permitted use within the City of Lackawanna, that the operations to be undertaken by the Project occupant will not produce air emissions that pose a threat to human health or the environment, that no significant adverse impacts are identified by virtue of ground and surface water discharges due to the use of an appropriate Storm Water Pollution Prevention Plan, that the proposed establishment of 100-150 employees at the site is well below excess capacity of the local road capacity such that no traffic impacts are anticipated, that no anticipated external noise impacts will result as manufacturing activities will occur wholly within the Project facility, that there will be no significant solid waste production. that no erosion, flooding, or ground water impacts are anticipated, that no impacts to vegetation, fauna, migratory fish or wildlife species or significant habitat are anticipated, and that there will be no adverse impacts to any threatened or endangered species or the habit of such, that no designated Critical Environmental Area will be impacted, that the Project is consistent with the City of Lackawanna Local Revitalization Plan, Brownfield Opportunity Area Plan and draft Local Waterfront Revitalization Plan, that there are no historical, architectural, or aesthetic resources that will be impacted, that energy use is not significant compared to historic use of the site, that no impacts to human health are anticipated, that the Project site can handle the increased capacity in use and the demands are well below the capacity of the surrounding infrastructure, that the attraction of 100-150 employees to the Project will not pose a significant adverse impact, that no two or more elements of the

environment not found to be significant in and of themselves will be combined to create a significant adverse impact and no significant adverse cumulative impacts are anticipated.

(v) determines that all of the provisions of SEQR that are required to be complied with as a condition precedent to the approval of the purchase of Parcel II-9- and the sale of Parcel II-9 and II-10 as described herein with respect to the Project, and the participation by the ILDC in undertaking the Project, have been satisfied. This determination constitutes a "negative declaration" (as such quoted terms are defined under SEQR) for purposes of SEQR.

<u>Section 2</u>. The ILDC hereby determines and confirms that the proposed conveyance of fee title to Parcel II-9 and II-10 to TRP as herein described is within the purposes, mission and statutory authority of the ILDC.

Section 3. The ILDC hereby approves of the purchase of Parcel II-9 as described herein in an amount not to exceed \$300,000 and further authorizes the Chair, the Vice Chair, the President/Chief Executive Officer, the Executive Vice President, the Chief Financial Officer/Treasurer and/or the Assistant Treasurer (collectively, the "Authorized Officers"), on behalf of the ILDC, to negotiate, execute, and deliver an appropriate Agreement of Purchase and Sale setting forth the terms and conditions relating thereto and any other related documents required to accomplish the purposes of this resolution, with such changes, variations, omissions and insertions as authorized by the Authorized Officers; in consultation with the ILDC general counsel, to constitute conclusive evidence of such approval.

<u>Section 4.</u> The ILDC hereby authorizes the Authorized Officers, on behalf of the ILDC, to enter into and amend, as appropriate, the Brownfield Site Cleanup Agreement affecting Parcel II-9 to ensure that the ILDC can obtain the benefits of the New York State Brownfield Cleanup Program.

<u>Section 5.</u> The ILDC hereby approves of the sale of fee title to Parcel II-9 and II-10 to TRP for a sum total of \$1,050,000 and authorizes the Authorized Officers, on behalf of the ILDC, to negotiate, execute, and deliver an appropriate Agreement of Purchase and Sale setting forth the terms and conditions relating thereto and any other related documents required to accomplish the purposes of this resolution, with such changes, variations, omissions and insertions as authorized by the Authorized Officers, in consultation with the ILDC general counsel, to constitute conclusive evidence of such approval.

<u>Section 6</u>. The Authorized Officers are hereby authorized and directed for and in the name and on behalf of the ILDC to do all acts and things required and to negotiate, execute and deliver all such certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the Authorized Officer so acting, desirable and proper to effect the purposes of the foregoing resolutions and to cause compliance by the ILDC with all of the terms, covenants and provisions of the documents executed for and on behalf of the ILDC.

Section 7. Any and all prior actions taken by the ILDC with respect to the contents of these resolutions are hereby ratified and confirmed.

Section 8. These resolutions shall take effect immediately.

Brownfield Cleanup Program

Application to Amend Brownfield Cleanup Program Agreement and Amendment

Certification

Volunteer Certification: The Buffalo and Erie County Industrial Land Development Corporation (the "New Requestor") has appropriately answered "no" to all the eligibility questions within Section IV of this application and hereby certifies that it is a volunteer and that its liability arises solely as a result of ownership of the site subsequent to the disposal of hazardous waste or discharge of petroleum.

New Requestor has and had no current or prior direct or indirect ownership interest or any other interest in any prior owner or operator of the site. New Requestor acquired its fee title interest in the site on December 12, 2019. The site was purchased from Tecumseh Redevelopment, Inc. ("Tecumseh") and Tecumseh is currently a volunteer with respect to the Brownfield Cleanup Agreement affecting the site that is the subject of this Application to Amend Brownfield Cleanup Agreement and Amendment.

Immediately after taking title to the site, New Requestor conveyed its fee title interest in the site to Time Release Properties, LLC, also on December 12, 2019. During the time period in which New Requestor owned the site, New Requestor did not undertake any activity on the site resulting in soil disturbance or otherwise undertake any activity affecting the soil or groundwater, has taken appropriate care to ensure that there are no continuing releases of contamination on the site and that there are no threatened future releases of contamination on the site and has prevented human, environmental, or nature resource exposure to any previously released contamination.

As such, New Requestor confirms that its liability arises solely as a result of its ownership and involvement with the site subsequent to the disposal of hazardous waste or discharge of petroleum, and affirms and confirms that New Requestor should be a "Volunteer" as that term is defined in Section 27-1405(1)(b) of the New York Environmental Conservation Law.
