BCP App Rev 13

SECTION I: Property Information

PROPOSED SITE NAME Hope On Main

ADDRESS/LOCATION 954 Main Street

CITY/TOWN Buffalo

ZIP CODE 14202-1197

MUNICIPALITY (LIST ALL IF MORE THAN ONE) City of Buffalo

COUNTY Erie

SITE SIZE (ACRES) 2.88

LATITUDE

LONGITUDE

42 ° 54 ' 1.5N " 78 ° 52 ' 12.5W "

Provide tax map information for all tax parcels included within the proposed site boundary below. If a portion of any lot is to be included, please indicate as such by inserting "p/o" in front of the lot number in the appropriate box below, and only include the acreage for that portion of the tax parcel in the corresponding acreage column.

ATTACH REQUIRED TAX MAPS PER THE APPLICATION INSTRUCTIONS.

Parcel Address	Section	Block	Lot	Acreage
954 Main Street	100.78	6	1.1	2.1
1000 Main Street	100.71	6	6.1	0.78

1. Do the proposed site boundaries correspond to tax map metes and bounds? If no, please attach an accurate map of the proposed site including a metes and bounds description.	☒	☐
2. Is the required property map provided in electronic format with the application? (Application will not be processed without a map)	☒	☐
3. Is the property within a designated Environmental Zone (En-zone) pursuant to Tax Law 21(b)(6)? (See DEC's website for more information) If yes, identify census tract: _____ Percentage of property in En-zone (check one): 0% ☐ 1-49% ☐ 50-99% ☐ 100% ☐	☐	☒
4. Is the project located within a disadvantaged community? See application instructions for additional information.	☐	☒
5. Is the project located within a NYS Department of State (NYS DOS) Brownfield Opportunity Area (BOA)? See application instructions for additional information.	☐	☒

6. Is this application one of multiple applications for a large development project, where the development spans more than 25 acres (see additional criteria in application instructions)? If yes, identify names of properties and site numbers, if available, in related BCP applications: _____	Y	N
7. Is the contamination from groundwater or soil vapor solely emanating from property other than the site subject to the present application?	☐	☒
8. Has the property previously been remediated pursuant to Titles 9, 13 or 14 of ECL Article 27, Title 5 of ECL Article 56, or Article 12 of Navigation Law? If yes, attach relevant supporting documentation.	☐	☒
9. Are there any lands under water? If yes, these lands should be clearly delineated on the site map.	☐	☒
10. Has the property been the subject of or included in a previous BCP application? If yes, please provide the DEC site number: _____	☐	☒
11. Is the site currently listed on the Registry of Inactive Hazardous Waste Disposal Sites (Class 2, 3, or 4) or identified as a Potential Site (Class P)? If yes, please provide the DEC site number: _____ Class: _____	☐	☒
12. Are there any easements or existing rights-of-way that would preclude remediation in these areas? If yes, identify each here and attach appropriate information. <u>Easement/Right-of-Way Holder</u> <u>Description</u>	☐	☒
13. List of permits issued by the DEC or USEPA relating to the proposed site (describe below or attach appropriate information): <u>Type</u> <u>Issuing Agency</u> <u>Description</u>	☐	☒
14. Property Description and Environmental Assessment – please refer to the application instructions for the proper format of each narrative requested. Are the Property Description and Environmental Assessment narratives included in the prescribed format?	☒	☐
Note: Questions 15 through 17 below pertain ONLY to proposed sites located within the five counties comprising New York City.		
15. Is the Requestor seeking a determination that the site is eligible for tangible property tax credits? If yes, Requestor must answer the Supplemental Questions for Sites Seeking Tangible Property Credits Located in New York City ONLY on pages 11-13 of this form.	Y	N
16. Is the Requestor now, or will the Requestor in the future, seek a determination that the property is Upside Down?	☐	☐
17. If you have answered YES to Question 16 above, is an independent appraisal of the value of the property, as of the date of application, prepared under the hypothetical condition that the property is not contaminated, included with the application?	☐	☐
NOTE: If a tangible property tax credit determination is not being requested at the time of application, the applicant may seek this determination at any time before issuance of a Certificate of Completion by using the BCP Amendment Application, except for sites seeking eligibility under the underutilized category.		
If any changes to Section I are required prior to application approval, a new page, initialed by each Requestor, must be submitted with the application revisions. Initials of each Requestor: _____ _____ _____ _____ _____ _____		

SECTION II: Project Description

1. The project will be starting at: ☒ Investigation ☐ Remediation

NOTE: If the project is proposed to start at the remediation stage, at a minimum, a Remedial Investigation Report (RIR) must be included, resulting in a 30-day public comment period. If an Alternatives Analysis and Remedial Action Work Plan (RAWP) are also included (see [DER-10, Technical Guidance for Site Investigation and Remediation](#) for further guidance), then a 45-day public comment period is required.

2. If a final RIR is included, does it meet the requirements in ECL Article 27-1415(2)?

☐ Yes

☐ No

☒ N/A

3. Have any draft work plans been submitted with the application (select all that apply)?

☒ RIWP

☐ RAWP

☐ IRM

☐ No

4. Please provide a short description of the overall project development, including the date that the remedial program is to begin, and the date by which a Certificate of Completion is expected to be issued.

Is this information attached?

☒ Yes

☐ No

SECTION III: Land Use Factors

1. What is the property's current municipal zoning designation? N-1C, Mixed Use Core

2. What uses are allowed by the property's current zoning (select all that apply)?

Residential ☒

Commercial ☒

Industrial ☐

3. Current use (select all that apply):

Residential ☒

Commercial ☒

Industrial ☐

Recreational ☐

Vacant ☐

4. Please provide a summary of current business operations or uses, with an emphasis on identifying possible contaminant source areas. If operations or uses have ceased, provide the date by which the site became vacant.

Is this summary included with the application?

Y

☒

N

☐

5. Reasonably anticipated post-remediation use (check all that apply):

Residential ☒

Commercial ☒

Industrial ☐

If residential, does it qualify as single-family housing?

☐ N/A

☐

☒

6. Please provide a statement detailing the specific proposed post-remediation use. Is this summary attached?

☒

☐

7. Is the proposed post-remediation use a renewable energy facility? See application instructions for additional information.

☐

☒

8. Do current and/or recent development patterns support the proposed use?

☒

☐

9. Is the proposed use consistent with applicable zoning laws/maps? Please provide a brief explanation and additional documentation if necessary.

☒

☐

10. Is the proposed use consistent with applicable comprehensive community master plans, local waterfront revitalization plans, or other adopted land use plans? Please provide a brief explanation and additional documentation if necessary.

☒

☐

SECTION IV: Property's Environmental History

All applications **must include** an Investigation Report (per ECL 27-1407(1)). The report must be sufficient to establish that contamination of environmental media exists on the site above applicable Standards, Criteria and Guidance (SCGs) based on the reasonably anticipated use of the site property and that the site requires remediation. To the extent that existing information/studies/reports are available to the requestor, please attach the following (***please submit information requested in this section in electronic format ONLY***):

- 1. Reports:** an example of an Investigation Report is a Phase II Environmental Site Assessment report prepared in accordance with the latest American Society for Testing and Materials standard ([ASTM E1903](#)). **Please submit a separate electronic copy of each report in Portable Document Format (PDF). Please do NOT submit paper copies of ANY supporting documents.**
- 2. SAMPLING DATA: INDICATE (BY SELECTING THE OPTIONS BELOW) KNOWN CONTAMINANTS AND THE MEDIA WHICH ARE KNOWN TO HAVE BEEN AFFECTED. DATA SUMMARY TABLES SHOULD BE INCLUDED AS AN ATTACHMENT, WITH LABORATORY REPORTS REFERENCED AND INCLUDED.**

CONTAMINANT CATEGORY	SOIL	GROUNDWATER	SOIL GAS
Petroleum	☐	☐	☐
Chlorinated Solvents	☐	☐	☐
Other VOCs	☐	☐	☐
SVOCs	☒	☐	☐
Metals	☒	☐	☐
Pesticides	☐	☐	☐
PCBs	☐	☐	☐
PFAS	☐	☐	☐
1,4-dioxane	☐	☐	☐
Other – indicated below	☐	☐	☐

*Please describe other known contaminants and the media affected:

- For each impacted medium above, include a site drawing indicating:
 - Sample location
 - Date of sampling event
 - Key contaminants and concentration detected
 - For soil, highlight exceedances of reasonably anticipated use
 - For groundwater, highlight exceedances of 6 NYCRR part 703.5
 - For soil gas/soil vapor/indoor air, refer to the NYS Department of Health matrix and highlight exceedances that require mitigation

These drawings are to be representative of all data being relied upon to determine if the site requires remediation under the BCP. Drawings should be no larger than 11"x17" and should only be provided electronically. These drawings should be prepared in accordance with any guidance provided.

Are the required drawings included with this application?

☒ YES

☐ NO

- Indicate Past Land Uses (check all that apply):

☐ Coal Gas Manufacturing	☐ Manufacturing	☐ Agricultural Co-Op	☐ Dry Cleaner
☐ Salvage Yard	☐ Bulk Plant	☒ Pipeline	☐ Service Station
☐ Landfill	☐ Tannery	☐ Electroplating	☐ Unknown

Other: Auto repair shop, hotel

SECTION V: Requestor Information**NAME**

SAB Hope LLC

ADDRESS

100 South Elmwood Avenue, Suite 100

CITY/TOWN

Buffalo, New York

ZIP CODE

14202

PHONE

(716)427-6100

EMAIL

fciminelli@arcbldg.com

	Y	N
1. Is the requestor authorized to conduct business in New York State (NYS)?	☒	☐
2. If the requestor is a Corporation, LLC, LLP or other entity requiring authorization from the NYS DOS to conduct business in NYS, the requestor's name must appear, exactly as given above, in the NYS Department of State's Corporation & Business Entity Database . A print-out of entity information from the database must be submitted with this application to document that that requestor is authorized to conduct business in NYS. Is this attached?	☒	☐
3. If the requestor is an LLC, the names of the members/owners need to be provided on a separate attachment. Is this attached?	☒	☐
4. Individuals that will be certifying BCP documents, as well as their employers, must meet the requirements of Section 1.5 of DER-10: Technical Guidance for Site Investigation and Remediation and Article 145 of New York State Education Law. Do all individuals that will be certifying documents meet these requirements? Documents that are not properly certified will not be approved under the BCP.	☒	☐

SECTION VI: Requestor Eligibility

If answering "yes" to any of the following questions, please provide appropriate explanation and/or documentation as an attachment.

	Y	N
1. Are any enforcement actions pending against the requestor regarding this site?	☐	☒
2. Is the requestor subject to an existing order for the investigation, removal or remediation of contamination at the site?	☐	☒
3. Is the requestor subject to an outstanding claim by the Spill Fund for this site? Any questions regarding whether a party is subject to a spill claim should be discussed with the Spill Fund Administrator.	☐	☒
4. Has the requestor been determined in an administrative, civil or criminal proceeding to be in violation of (i) any provision of the ECL Article 27; (ii) any order or determination; (iii) any regulation implementing Title 14; or (iv) any similar statute or regulation of the State or Federal government?	☐	☒
5. Has the requestor previously been denied entry to the BCP? If so, please provide the site name, address, assigned DEC site number, the reason for denial, and any other relevant information regarding the denied application.	☐	☒
6. Has the requestor been found in a civil proceeding to have committed a negligent or intentionally tortious act involving the handling, storing, treating, disposing or transporting of contaminants?	☐	☒

SECTION VI: Requestor Eligibility (CONTINUED)

7. Has the requestor been convicted of a criminal offence (i) involving the handling, storing, treating, disposing or transporting or contaminants; or (ii) that involved a violent felony, fraud, bribery, perjury, theft or offense against public administration (as that term is used in Article 195 of the Penal Law) under Federal law or the laws of any state?	Y ☐	N ☒
8. Has the requestor knowingly falsified statements or concealed material facts in any matter within the jurisdiction of DEC, or submitted a false statement or made use of a false statement in connection with any document or application submitted to DEC?	☐	☒
9. Is the requestor an individual or entity of the type set forth in ECL 27-1407.9(f) that committed an act or failed to act, and such act or failure to act could be the basis for denial of a BCP application?	☐	☒
10. Was the requestor's participation in any remedial program under DEC's oversight terminated by DEC or by a court for failure to substantially comply with an agreement or order?	☐	☒
11. Are there any unregistered bulk storage tanks on-site which require registration?	☐	☒
12. THE REQUESTOR MUST CERTIFY THAT HE/SHE IS EITHER A PARTICIPANT OR VOLUNTEER IN ACCORDANCE WITH ECL 27-1405(1) BY CHECKING ONE OF THE BOXES BELOW:		
PARTICIPANT ☐ A requestor who either (1) was the owner of the site at the time of the disposal of hazardous waste or discharge of petroleum, or (2) is otherwise a person responsible for the contamination, unless the liability arises solely as a result of ownership, operation of, or involvement with the site subsequent to the disposal of hazardous waste or discharge of petroleum.	VOLUNTEER ☒ A requestor other than a participant, including a requestor whose liability arises solely as a result of ownership, operation of or involvement with the site subsequent to the disposal of hazardous waste or discharge of petroleum. NOTE: By selecting this option, a requestor whose liability arises solely as a result of ownership, operation of or involvement with the site certifies that he/she has exercised appropriate care with respect to the hazardous waste found at the facility by taking reasonable steps to: (i) stop any continuing discharge; (ii) prevent any threatened future release; and, (iii) prevent or limit human, environmental or natural resource exposure to any previously released hazardous waste. If a requestor whose liability arises solely as a result of ownership, operation of, or involvement with the site, submit a statement describing why you should be considered a volunteer – be specific as to the appropriate care taken.	
13. If the requestor is a volunteer, is a statement describing why the requestor should be considered a volunteer attached? Yes ☒ No ☐ N/A ☐		

SECTION VI: Requestor Eligibility (CONTINUED)

14. Requestor relationship to the property (check one; if multiple applicants, check all that apply):

☐ Previous Owner ☐ Current Owner ☐ Potential/Future Purchaser ☒ Other: Leasee

If the requestor is not the current owner, **proof of site access sufficient to complete remediation must be provided.** Proof must show that the requestor will have access to the property before signing the BCA and throughout the BCP project, including the ability to place an environmental easement on the site.

Is this proof attached?

Yes

No

Note: A purchase contract or lease agreement does not suffice as proof of site access.

SECTION X: Property Eligibility Information

	Y	N
1. Is/was the property, or any portion of the property, listed on the National Priorities List? If yes, please provide additional information.	☐	☒
2. Is/was the property, or any portion of the property, listed on the NYS Registry of Inactive Hazardous Waste Disposal Site pursuant to ECL 27-1305? If yes, please provide the DEC site number: _____ Class: _____	☐	☒

SECTION X: Property Eligibility Information (continued)

	Y	N
3. Is/was the property subject to a permit under ECL Article 27, Title 9, other than an Interim Status facility? If yes, please provide: Permit Type: _____ EPA ID Number: _____ Date Permit Issued: _____ Permit Expiration Date: _____	☐	☒
4. If the answer to question 2 or 3 above is YES, is the site owned by a volunteer as defined under ECL 27-1405(1)(b), or under contract to be transferred to a volunteer? If yes, attach any available information related to previous owners or operators of the facility or property and their financial viability, including any bankruptcy filings and corporate dissolution documents. N/A ☒	☐	☐
5. Is the property subject to a cleanup order under Navigation Law Article 12 or ECL Article 17 Title 10? If yes, please provide the order number: _____	☐	☒
6. Is the property subject to a state or federal enforcement action related to hazardous waste or petroleum? If yes, please provide additional information.	☐	☒

SECTION XI: Site Contact List

To be considered complete, the application must include the Brownfield Site Contact List in accordance with *DER-23: Citizen Participation Handbook for Remedial Programs*. Please attach, at a minimum, the names and mailing addresses of the following:

- The chief executive officer and planning board chairperson of each county, city, town and village in which the property is located.
- Residents, owners, and occupants of the property and adjacent properties.
- Local news media from which the community typically obtains information.
- The public water supplier which services the area in which the property is located.
- Any person who has requested to be placed on the contact list.
- The administrator of any school or day care facility located on or near the property.
- The location of a document repository for the project (e.g., local library). **If the site is located in a city with a population of one million or more, add the appropriate community board as an additional document repository.** In addition, attach a copy of an acknowledgement from each repository indicating that it agrees to act as the document repository for the site.

XI. Statement of Certification and Signatures

(By requestor who is an individual)

If this application is approved, I hererby acknowledge and agree: (1) to execute a Brownfield Cleanup Agreement (BCA) within 60 days of the date of DEC's approval letter; (2) to the general terms and conditions set forth in the [DER-32, Brownfield Cleanup Program Applications and Agreements](#); and (3) that in the event of a conflict between the general terms and conditions of participation and the terms contained in a site-specific BCA, the terms in the site-specific BCA shall control. Further, I hereby affirm that information provided on this form and its attachments is true and complete to the best of my knowledge and belief. I am aware that any false statement made herein is punishable as a Class A misdemeanor pursuant to section 210.45 of the Penal Law.

Date: _____ Signature: _____

Print Name: _____

(By a requestor other than an individual)

I hereby affirm that I am President (title) of SAB Hope LLC (entity); that I am authorized by that entity to make this application and execute the Brownfield Cleanup Agreement (BCA) and all subsequent amendments; that this application was prepared by me or under my supervision and direction. If this application is approved, I acknowledge and agree: (1) to execute a BCA within 60 days of the date of DEC's approval letter; (2) to the general terms and conditions set forth in the [DER-32, Brownfield Cleanup Program Applications and Agreements](#); and (3) that in the event of a conflict between the general terms and conditions of participation and the terms contained in a site-specific BCA, the terms in the site-specific BCA shall control. Further, I hereby affirm that information provided on this form and its attachments is true and complete to the best of my knowledge and belief. I am aware that any false statement made herein is punishable as a Class A misdemeanor pursuant to Section 210.45 of the Penal Law.

Date: 2/9/2023 Signature: Frank L. Ciminelli II

Print Name: Frank L. Ciminelli II

SUBMITTAL INFORMATION:

- **Two (2)** copies, one paper copy with original signatures and one electronic copy in Portable Document Format (PDF), must be sent to:
 - Chief, Site Control Section
 - New York State Department of Environmental Conservation
 - Division of Environmental Remediation
 - 625 Broadway
 - Albany, NY 12233-7020

FOR DEC USE ONLY

BCP SITE T&A CODE: _____ LEAD OFFICE: _____

FOR SITES SEEKING TANGIBLE PROPERTY CREDITS IN NEW YORK CITY ONLY

Sufficient information to demonstrate that the site meets one or more of the criteria identified in ECL 27-1407(1-a) must be submitted if requestor is seeking this determination.

BCP App Rev 13

Please respond to the questions below and provide additional information and/or documentation as required.	Y	N
1. Is the property located in Bronx, Kings, New York, Queens or Richmond County?	☐	☐
2. Is the requestor seeking a determination that the site is eligible for the tangible property credit component of the brownfield redevelopment tax credit?	☐	☐
3. Is at least 50% of the site area located within an environmental zone pursuant to NYS Tax Law 21(b)(6)?	☐	☐
4. Is the property upside down or underutilized as defined below?		
Upside down	☐	☐
Underutilized	☐	☐

From ECL 27-1405(31):

"Upside down" shall mean a property where the projected and incurred cost of the investigation and remediation which is protective for the anticipated use of the property equals or exceeds seventy-five percent of its independent appraised value, as of the date of submission of the application for participation in the brownfield cleanup program, developed under the hypothetical condition that the property is not contaminated.

From 6 NYCRR 375-3.2(I) as of August 12, 2016 (Please note: Eligibility determination for the underutilized category can only be made at the time of application):

375-3.2:

- (I) "Underutilized" means, as of the date of application, real property on which no more than fifty percent of the permissible floor area of the building or buildings is certified by the applicant to have been used under the applicable base zoning for at least three years prior to the application, which zoning has been in effect for at least three years; and
- (1) the proposed use is at least 75 percent for industrial uses; or
- (2) at which:
- (i) the proposed use is at least 75 percent for commercial or commercial and industrial uses;
 - (ii) the proposed development could not take place without substantial government assistance, as certified by the municipality in which the site is located; and
 - (iii) one or more of the following conditions exists, as certified by the applicant:
 - (a) property tax payments have been in arrears for at least five years immediately prior to the application;
 - (b) a building is presently condemned, or presently exhibits documented structural deficiencies, as certified by a professional engineer, which present a public health or safety hazard; or
 - (c) there are no structures.

"Substantial government assistance" shall mean a substantial loan, grant, land purchase subsidy, land purchase cost exemption or waiver, or tax credit, or some combination thereof, from a governmental entity.

FOR SITES SEEKING TANGIBLE PROPERTY CREDITS IN NEW YORK CITY ONLY (continued)

5. If you are seeking a formal determination as to whether your project is eligible for Tangible Property Tax Credits based in whole or in part on its status as an affordable housing project (defined below), you must attach the regulatory agreement with the appropriate housing agency (typically, these would be with the *New York City Department of Housing, Preservation and Development*; the *New York State Housing Trust Fund Corporation*; the *New York State Department of Housing and Community Renewal*; or the *New York State Housing Finance Agency*, though other entities may be acceptable pending Department review).

Check appropriate box below:

- ☐ Project is an Affordable Housing Project – regulatory agreement attached
- ☐ Project is planned as Affordable Housing, but agreement is not yet available*
*Selecting this option will result in a “pending” status. The regulatory agreement will need to be provided to the Department and the Brownfield Cleanup Agreement will need to be amended prior to issuance of the CoC in order for a positive determination to be made.
- ☐ This is not an Affordable Housing Project

From 6 NYCRR 375-3.2(a) as of August 12, 2016:

- (a) “Affordable housing project” means, for purposes of this part, title fourteen of article twenty-seven of the environmental conservation law and section twenty-one of the tax law only, a project that is developed for residential use or mixed residential use that must include affordable residential rental units and/or affordable home ownership units.
- (1) Affordable residential rental projects under this subdivision must be subject to a federal, state, or local government housing agency’s affordable housing program, or a local government’s regulatory agreement or legally binding restriction, which defines (i) a percentage of the residential rental units in the affordable housing project to be dedicated to (ii) tenants at a defined maximum percentage of the area median income based on the occupants’ household’s annual gross income.
- (2) Affordable home ownership projects under this subdivision must be subject to a federal, state, or local government housing agency’s affordable housing program, or a local government’s regulatory agreement or legally binding restriction, which sets affordable units aside for homeowners at a defined maximum percentage of the area median income.
- (3) “Area median income” means, for purposes of this subdivision, the area median income for the primary metropolitan statistical area, or for the county if located outside a metropolitan statistical area, as determined by the United States department of housing and urban development, or its successor, for a family of four, as adjusted for family size.

FOR SITES SEEKING TANGIBLE PROPERTY CREDITS IN NEW YORK CITY ONLY (continued)

6. Is the site a planned renewable energy facility site as defined below?

- ☐ Yes – planned renewable energy facility site
- ☐ No – not a planned renewable energy facility site

If yes, please provide any documentation available to demonstrate that the property is planned to be developed as a renewable energy facility site.

From ECL 27-1405(33) as of April 9, 2022:

"Renewable energy facility site" shall mean real property (a) this is used for a renewable energy system, as defined in section sixty-six-p of the public service law; or (b) any co-located system storing energy generated from such a renewable energy system prior to delivering it to the bulk transmission, sub-transmission, or distribution system.

From Public Service Law Article 4 Section 66-p as of April 23, 2021:

(b) "renewable energy systems" means systems that generate electricity or thermal energy through use of the following technologies: solar thermal, photovoltaics, on land and offshore wind, hydroelectric, geothermal electric, geothermal ground source heat, tidal energy, wave energy, ocean thermal, and fuel cells which do not utilize a fossil fuel resource in the process of generating electricity.

7. Is the site located within a disadvantaged community, within a designated Brownfield Opportunity Area, and meets the conformance determinations pursuant to subdivision ten of section nine-hundred-seventy-r of the general municipal law?

- ☐ Yes
- ☐ No

From ECL 75-0111 as of April 9, 2022:

(5) "Disadvantaged communities" means communities that bear the burdens of negative public health effects, environmental pollution, impacts of climate change, and possess certain socioeconomic criteria, or comprise high-concentrations of low- and moderate-income households, as identified pursuant to section 75-0111 of this article.

NOTES:

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

BROWNFIELD CLEANUP PROGRAM (BCP) INSTRUCTIONS FOR COMPLETING A BCP APPLICATION

The New York State Department of Environmental Conservation (DEC) strongly encourages all applicants to schedule a pre-application meeting with DEC staff to review the benefits, requirements, and procedures for completing a project in the BCP. Contact your [Regional Office](#) to schedule a meeting. To add a party to an existing BCP Agreement, use the [BCP Agreement Amendment Application](#).

For further information regarding the determination of a complete application, please refer to the guidance following these instructions, as well as the [NYSDEC BCP website](#).

SUBMITTAL INSTRUCTIONS

Please submit **one unbound paper copy of ONLY the application form and a table of contents** to the address below:

Chief, Site Control Section
New York State Department of Environmental Conservation
625 Broadway, 11th Floor
Albany, NY 12233-7020

Additionally, please submit an electronic (Portable Document Format [PDF]) version of the application as follows:

- One file containing the application form, table of contents, and supporting documentation, excluding historical environmental reports and draft work plans
- One file for each historical environmental report (not merged with each other or with the application file)
- One file for each draft work plan, if applicable

PLEASE DO NOT SUBMIT PAPER COPIES OF SUPPORTING DOCUMENTS. Please provide a hard copy of **ONLY** the application form and table of contents.

SECTION I: Property Information

PLEASE NOTE	If any changes to SECTION I are required prior to application approval, a new page 2, initialed by each requestor, must be submitted with the revisions.
Proposed Site Name	Provide a name for the proposed site. The name could be an owner's name, current or historical operations (i.e., ABC Furniture) or the general location of the property. Consider whether the property is known by DEC by a particular name, and if so, use that name.
Site Address	Provide a street address, city/town, zip code, and each municipality and county in which the site is located.
Site Size	Provide the approximate acreage of the site.
GIS Information	Provide the latitude and longitude for the approximate center of the property. Show the latitude and longitude in degrees, minutes and seconds.

SECTION I: Property Information (continued)	
Tax Parcel Information	Provide the tax parcel address/section/block/lot information and map. Tax map information may be obtained from the tax assessor's office for all tax parcels that are included in the property boundaries. Attach a county tax map with identifier numbers, along with any figures needed to show the location and boundaries of the property. Include a USGS 7.5-minute quad map on which the property appears and clearly indicate the proposed site's location.
Tax Map Boundaries	State whether the boundaries of the site correspond to the tax map boundaries. If no, a metes and bounds description of the property must be attached. The site boundary can occupy less than a tax lot or encompass portions of one or more tax lots and may be larger or smaller than the overall redevelopment/ reuse project area. A site survey with metes and bounds will be required to establish the site boundaries before the Certificate of Completion can be issued.
Site Map	Provide a property base map(s) of sufficient detail, clarity and accuracy to show the following: (i) map scale, north arrow orientation, date, and location of the property with respect to adjacent streets and roadways; and (ii) proposed brownfield property boundary lines, with adjacent property owners clearly identified.
En-zone	Is any part of the property in an En-zone? If so, what percentage? For information on En-zones, please see DEC's website .
Disadvantaged Communities	For additional information on disadvantaged communities, please refer to the Climate Leadership and Community Protection Act website .
Brownfield Opportunity Area (BOA)	For more information on designated BOAs, please refer to the NYS DOS website . Additional information on BOA conformance determinations can be found at the Office of Planning and Development website .
Multiple Applications	Generally, only one application can be submitted, and one BCA executed, for a development project. In limited circumstances, the DEC may consider multiple applications/BCAs for a development project where (1) the development project spans more than 25 acres; (2) the approach does not negatively impact the remedial program, including timing, ability to appropriately address areas of concern, and management of off-site concerns; and (3) the approach is not advanced to increase the value of future tax credits (i.e., circumvent the tax credit caps provided under New York State Tax Law Section 21).
Previous BCP Applications	If all or part of the proposed site has been the subject of a previous BCP application (whether accepted, denied or withdrawn), please provide the assigned DEC site number from the previous application as well as any relevant information regarding why the property is not currently in the program.

SECTION I: Property Information (continued)	
Registry Listing and P-site Status	If all or part of the proposed site is now or ever was listed on the Registry of Inactive Hazardous Waste Disposal Sites, or is currently the subject of investigation as a Potential Site, please provide the assigned DEC site number.
Property Description Narrative	Provide a property description in the format provided below. Each section should be no more than one paragraph long. <u>Location:</u> Example: "The XYZ Site is located in an {urban, suburban, rural} area." {Add reference points if address is unspecific; e.g., "The site is approximately 3.5 miles east of the intersection of County Route 55 and Industrial Road."} <u>Site Features:</u> Example: "The main site features include several large, abandoned buildings surrounded by former parking areas and roadways. About one quarter of the site area is wooded. Little Creek passes through the northwest corner." <u>Current Zoning and Land Use:</u> (Ensure the current zoning is identified) Example: "The site is currently inactive and is zoned for commercial use. The surrounding parcels are currently used for a combination of commercial, light industrial, and utility rights-of-way. The nearest residential area is 0.3 miles east on Route 55." <u>Past Use of the Site:</u> include source(s) of contamination and remedial measures (site characterizations, investigations, Interim Remedial Measures, etc.) completed outside of the current remedial program (e.g., work under a petroleum spill incident). Example: "Until 1992 the site was used for manufacturing wire and wire products (e.g., conduit, insulators) and warehousing. Prior uses that appear to have led to site contamination include metal plating, machining, disposal in a one-acre landfill north of Building 7, and releases of wastewater into a series of dry wells." When describing the investigations/actions performed outside of the remedial program, include the major chronological remedial events that lead to the site entering a remedial program. The history should include the first involvement by government to address hazardous waste/petroleum disposal. Do not cite reports. Only include remedial activities which were implemented PRIOR to the BCA. Do not describe sampling information. <u>Site Geology and Hydrogeology:</u> As appropriate, provide a very brief summary of the main hydrogeological features of the site including depth to water, groundwater flow direction, etc.

SECTION I: Property Information (continued)

Environmental Assessment	The goal of this section is to describe the nature and extent of contamination at the site. When describing the nature of contamination, identify just the primary contaminants of concern (i.e., those that will likely drive remedial decisions/actions). If there are many contaminants present within a group of contaminants (i.e., volatile organic compounds, semi-volatile organic compounds, metals), identify the group(s) and one or two representative contaminants within the group. When addressing the extent of contamination, identify the areas of concern at the site, contaminated media (i.e., soil, groundwater, etc.), relative concentration levels, and a broad-brush description of contaminated areas/depths. The reader should be able to know if contamination is widespread or limited and if concentrations are marginally or greatly above Standards, Criteria and Guidance (SGCs) for the primary contaminants. If the extent is described qualitatively (e.g., low, medium, high), representative concentrations should be given and compared with appropriate SCGs. For soil contamination, the concentrations should be compared with the soil cleanup objectives (SCOs) for the intended use of the site. A typical Environmental Assessment would look like the following: Based upon investigations conducted to date, the primary contaminants of concern for the site include cadmium and trichloroethene (TCE). <i>Soil</i> - Cadmium is found in shallow soil, mostly near a dry well at the northeast end of the property. TCE is found in deeper soil, predominantly at the north end of the site. Concentrations of cadmium found on site (approximately 5 ppm) slightly exceed the soil cleanup objective (SCO) for unrestricted use (2.5 ppm). Concentrations of TCE found on site (5 ppm to 300 ppm) significantly exceed the soil cleanup objectives for the protection of groundwater (0.47 ppm). <i>Groundwater</i> - TCE and its associated degradation products are also found in groundwater at the north end of the site, moderately exceeding groundwater standards (typically 5 ppb), with a maximum concentration of 1500 ppb. A moderate amount of TCE from the site has migrated 300 feet down-gradient off-site. The primary contaminant of concern for the off-site area is TCE, which is present at a maximum concentration of 500 ppb, at 10 feet below the groundwater table near Avenue A. <i>Soil Vapor & Indoor Air</i> - TCE was detected in soil vapor at elevated concentrations and was also detected in indoor air at concentrations up to 1,000 micrograms per cubic meter.
Questions 15-17: New York City Sites	These questions pertain ONLY to sites located within the five counties comprising New York City. If the requestor is seeking a determination that the site is eligible for tangible property tax credits, this section and the <i>Supplemental Questions for Sites Seeking Tangible Property Credits in New York City</i> must be completed.

SECTION II: Project Description

As a separate attachment, provide complete and detailed information about the project, including the purpose of the project, the date the remedial program is to start, and the date the issuance of the Certificate of Completion is anticipated.

SECTION III: Land Use Factors

In addition to eligibility information, site history, and environmental data/reports, the application requires information regarding the current, intended and reasonably anticipated future land use.

This information consists of responses to the "land use" factors to be considered relative to the "Land Use" section of the BCP application. The information will be used to determine the appropriate land use in conjunction with the investigation data provided, in order to establish eligibility for the site based on the definition of a "brownfield site" pursuant to ECL 27-1405(2).

This land use information will be used by DEC, in addition to all other relevant information provided, to determine whether the proposed use is consistent with the currently identified, intended and reasonably anticipated future land use of the site at this stage. Further, this land use finding is subject to information regarding contamination at the site or other information which could result in the need for a change in this determination being borne out during the remedial investigation.

Zoning and Current Use	Provide the current municipal zoning designation and uses permitted by that designation. Provide a summary of the current use of the site, including identifying possible contaminant source areas. If the site is no longer in use, provide the date by which operations ceased.
Anticipated Use	Identify the anticipated post-remediation use of the site and provide a detailed description of the specific anticipated post-remediation use as an attachment.
Renewable Energy Facility Site	Indicate if the post-remediation use of the site is proposed to be a renewable energy facility. A "renewable energy facility site" shall mean real property (a) this is used for a renewable energy system, as defined in section sixty-six-p of the public service law; or (b) any co-located system storing energy generated from such a renewable energy system prior to delivering it to the bulk transmission, sub-transmission, or distribution system. Section 66-p of the Public Service Law: "Renewable energy systems" means systems that generate electricity or thermal energy through use of the following technologies: solar thermal, photovoltaics, on land and offshore wind, hydroelectric, geothermal electric, geothermal ground source heat, tidal energy, wave energy, ocean thermal, and fuel cells which do not utilize a fossil fuel resource in the process of generating electricity. Provide any detailed plans or documentation to support this.
Compliance with Zoning Laws, Recent Development, and Community Master Plans	Provide additional explanation and/or documentation as necessary to support the responses to these items.

SECTION IV: Property's Environmental History

For all sites, an investigation report is required that is sufficient to demonstrate the site requires remediation in order to meet the requirements of the program, and that the site is a brownfield site at which contaminants are present at levels exceeding the soil cleanup objectives or other health-based or environmental standards, criteria or guidance adopted by DEC that are applicable based on the reasonably anticipated use of the property, in accordance with applicable regulations. Required data include site drawings and data summary tables requested in Section III, #3 of the BCP application form. Specific instructions regarding the data summary tables are attached at the end of these instructions.

SECTION V: Requestor Information

Requestor Name	Provide the name of the person(s)/entity requesting participation in the BCP (if more than one, attach additional sheets with requested information.) The requestor is the person or entity seeking DEC review and approval of the remedial program. If the requestor is a Corporation, LLC, LLP or other entity requiring authorization from the NYS Department of State to conduct business in NYS, the requestor's name must appear exactly as given in the NYS Department of State's Corporation & Business Entity Database. A print-out of entity information from the database must be submitted to DEC with the application, to document that the requestor is authorized to do business in NYS.
Address, etc.	Provide the requestor's mailing address, telephone number and e-mail.
LLC Information	If the requestor(s) is/are an LLC, the names of the members/owners need to be provided on a separate attachment.
Document Certification	All documents, which are prepared in final form for submission to DEC for approval, are to be prepared and certified in accordance with Section 1.5 of DER-10. Persons preparing and certifying the various work plans and reports identified in Section 1.5 include: • New York State licensed professional engineers (P.E.s), as defined at 6 NYCRR 375-1.2(aj) and paragraph 1.3(b)47. Engineering documents must be certified by a P.E. with current license and registration for work that was done by them or those under their direct supervision. The firm by which the P.E. is employed must also be authorized to practice engineering in New York State; • qualified environmental professionals as defined at 6 NYCRR 375-1.2(ak) and DER-10 paragraph 1.3(b)49; • remedial parties, as defined at 6 NYCRR 375-1.2(ao) and DER-10 paragraph 1.3(b)60; or • site owners, which are the owners of the property comprising the site at the time of the certification.

SECTION VI: Requestor Eligibility

As a separate attachment, provide complete and detailed information in response to any eligibility questions answered in the affirmative. It is permissible to reference specific sections of existing property reports; however, it is requested that such information be summarized. For properties with multiple addresses or tax parcels, please include this information for each address or tax parcel.

Volunteer Statement	If a requestor whose liability arises solely as a result of ownership, operation of, or involvement with the site, submit a statement describing why you should be considered a volunteer. Be specific as to the appropriate care taken.
Proof of Site Access	If a requestor is not the current owner of the entirety of the site, a site access agreement must be provided that demonstrates that the requestor will have access to the property before signing the BCA and throughout the BCP project. Additionally, the access agreement must include language allowing the requestor the ability to place an environmental easement on the site should the requestor not be the owner at the time remediation is complete and a Track 1 cleanup has not been achieved.

SECTION VII: Requestor Contact Information

Requestor's Representative	Provide information for the requestor's authorized representative. This is the person to whom all correspondence, notices, etc. will be sent, and who will be listed as the contact person in the BCA. Invoices will be sent to the representative of Applications determined to be Participants unless another contact name and address is provided with the application.
Requestor's Consultant and Requestor's Attorney	Provide all requested information.

SECTION VIII: Program Fee

If the requestor is applying for a fee waiver, sufficient documentation must be provided to demonstrate financial hardship. To demonstrate financial hardship, the applicant must show that with the payment of the program fee, remediation of the brownfield site would not be economically viable. This documentation may be in the form of federal tax returns with applicable schedules, financial statements and balance sheets, proof that the applicant has waived its right to tax credits, or any other documentation deemed acceptable by the Department.

SECTION IX: Current Property Owner and Operator Information

Owner Information	Provide requested information of the current owner of the property. List <u>all</u> parties holding an interest in the property and, if the requestor is not the current owner, describe the requestor's relationship to the current owner. If the property consists of multiple parcels, be sure to include the ownership start date of each.

SECTION IX: Current Property Owner and Operator Information (continued)

Operator Information	Provide requested information of the current operator(s). If multiple operators, attach the requested information for each operator, including the date each operator began utilizing the property.
Historical Owners and Operators	Provide a list of previous owners and a list of previous operators, including dates of ownership or operation and last-known addresses and phone numbers. Describe the requestor's relationship to each previous owner and operator; if no relationship, indicate "none". When describing the requestor's relationship to current and historical owners and operators, include any relationship between the requestor's corporate members and the previous owners and operators.

SECTION X: Property Eligibility Information

As a separate attachment, provide complete and detailed information in response to the following eligibility questions answered in the affirmative. It is permissible to reference specific sections of existing property reports; however, it is requested that that information be summarized.

CERCLA / NPL Listing	Has any portion of the property ever been listed on the National Priorities List (NPL) established under CERCLA? If so, provide relevant information.
Registry Listing	Has any portion of the property ever been listed on the New York State Registry of Inactive Hazardous Waste Disposal Sites established under ECL 27-1305? If so, please provide the site number and classification. See the Division of Environmental Remediation (DER) website for a database of sites with classifications.
RCRA Listing	Does the property have a Resource Conservation and Recovery Act (RCRA) TSD Permit in accordance with the ECL 27-0900 et seq? If so, please provide the EPA Identification Number, the date the permit was issued, and its expiration date. Note: for purposes of this application, interim status facilities are not deemed to be subject to a RCRA permit.
Registry/RCRA Sites Owned by Volunteers	If the answer to question 2 or 3 above is yes, is the site owned by a volunteer as defined under ECL 27- 1405(1)(b), or under contract to be transferred to a volunteer? Attach any information available to the requestor related to previous owners or operators of the facility or property and their financial viability, including any bankruptcy filing and corporate dissolution documentation.

SECTION X: Property Eligibility Information (continued)

Existing Order	Is the property subject to an order for cleanup under Article 12 of the Navigation Law or Article 17 Title 10 of the ECL? If so, please provide information on an attachment. Note: if the property is subject to a stipulation agreement, relevant information should be provided; however, property will not be deemed ineligible solely on the basis of the stipulation agreement.
Pending Enforcement Actions	Is the property subject to an enforcement action under Article 27, Titles 7 or 9 of the ECL or subject to any other ongoing state or federal enforcement action related to the contamination which is at or emanating from the property? If so, please provide information as an attachment.

SECTION XI: Site Contact List

Provide the names and addresses of the parties on the Site Contact List (SCL) and a letter from the repository acknowledging agreement to act as the document repository for the proposed BCP project. For sites located in a city with a population of one million or more, the appropriate community board must be included as an additional document repository, and acknowledgement of their agreement to act as such must also be provided.

SECTION XII: Statement of Certification and Signatures

The requestor must sign the application or designate a representative who is authorized to sign. The requestor's consultant or attorney cannot sign the application. If there are multiple parties applying, then each requestor must sign a signature page. If the requestor is a Corporation, LLC, LLP or other entity requiring authorization from the NYS Department of State to conduct business in NYS, the entity's name must appear exactly as given in the NYS Department of State's Corporation & Business Entity Database.

DATA SUMMARY TABLE INSTRUCTIONS

Data summary tables should include the following columns:

Soil Table:

Analytes > SCOs ^a	Detections > SCOs ^b	Max. Detection (ppm) ^c	SCO (ppm) ^d	Depth (ft bgs)

Groundwater Table:

Analytes > AWQS ^e	Detections > AWQS ^f	Max. Detection (ppb) ^c	AWQS (ppb) ^g

Soil Gas Table:

Analytes ^h	Total Detections	Max. Detection (ug/m3) ^c	Type ⁱ

^a Include all contaminants over the applicable soil cleanup objectives (SCOs). Column header should specify which SCOs are being compared to. (i.e., "RRSCOs" for Restricted Residential SCOs)

^b Number of detections over applicable SCOs. Specify which SCOs are being compared to in column header.

^c Maximum detection in parts per million (ppm) for soil, parts per billion (ppb) for groundwater, or micrograms per cubic meter (ug/m3) for soil gas.

^d List the respective SCO. Specify which SCOs are being compared to in column header.

^e Include all contaminants over Class GA Ambient Water Quality Standards (AWQS).

^f Number of detections over AWQS.

^g List the respective AWQS.

^h Include all chlorinated volatile organic compound (VOCs) detections.

ⁱ Specify type: soil vapor, sub-slab or indoor air.

Example Data Summary Tables

Soil Table:

Analytes > RR SCOs	Detections > RR SCOs	Maximum Detection (ppm)	RR SCO (ppm)	Depth (ft bgs)
Benzo(a)anthracene	3	11	1	5 – 7
Benzo(a)pyrene	4	15	1	5 – 7
Benzo(b)fluoranthene	5	15	1	5 – 7
Benzo(k)fluoranthene	1	5.3	3.9	5 – 7
Indeno(1,2,3-cd)pyrene	7	8.4	0.5	5 – 7
barium	2	967	400	0.5 – 2.5
cadmium	2	94.1	4.3	6 – 8
lead	3	1,790	400	0.5 – 2.5

Groundwater Table:

Analytes > AWQS	Detections > AWQS	Max. Detection (ppb)	AWQS (ppb)
Benz(a)anthracene	2	0.2	0.002
Benzo(a)pyrene	2	0.221	ND
Benzo(b)fluoranthene	2	0.179	0.002
Benzo(k)fluoranthene	2	0.189	0.002
Indeno(1,2,3-cd)pyrene	2	0.158	0.002
Tetrachloroethene (PCE)	1	12	5

Soil Gas Table:

Analytes	Total Detections	Max. Detection (µg/m³)	Type
Carbon tetrachloride	1	0.84	Soil vapor
Methylene chloride	1	2.6 J	Soil vapor
Tetrachloroethene	2	47	Soil vapor
Trichloroethene	1	1.2	Soil vapor
Trichlorofluoromethane	1	21	Soil vapor

NEW YORK STATE

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

DETERMINATION OF A COMPLETE APPLICATION

1. The first step in the application review and approval process is an evaluation to determine if the application is complete. To help ensure that the application is determined complete, requestors should review the list of common application deficiencies and carefully read these instructions.
2. DEC will send a notification to the requestor within 30 calendar days of receiving the application, indicating whether such application is complete or incomplete.
3. An application must include the following information relative to the site identified by the application, necessary for making an eligibility determination, or it will be deemed incomplete. (Please note: the application as a whole requires more than the information outlined below to be determined complete). The application must include:
 - a. for all sites, an investigation report sufficient to demonstrate the site requires remediation in order to meet the requirements of the program, and that the site is a brownfield site at which contaminants are present at levels exceeding the soil cleanup objectives or other health-based or environmental standards, criteria or guidance adopted by DEC that are applicable based on the reasonably anticipated use of the property, in accordance with applicable regulations. Required data includes site drawings requested in Section III, #3 of the BCP application form.
 - b. for those sites described below, documentation relative to the volunteer status of all requestors, as well as information on previous owners or operators that may be considered responsible parties and their ability to fund remediation of the site. This documentation is required for:
 - i. real property listed in the registry of inactive hazardous waste disposal sites as a class 2 site, which may be eligible provided that DEC has not identified any responsible party for that property having the ability to pay for the investigation or cleanup of the property prior to the site being accepted into the BCP; or
 - ii. real property that was a hazardous waste treatment, storage or disposal facility having interim status pursuant to the Resource Conservation and Recovery Act (RCRA) program, which may be eligible provided that DEC has not identified any responsible party for that property having the ability to pay for the investigation or cleanup of the property prior to the site being accepted into the BCP.
 - c. for sites located within the five counties comprising New York City, in addition to (a) and if applicable (b) above, if the application is seeking a determination that the site is eligible for tangible property tax credits, sufficient information to demonstrate that the site meets one or more of the criteria identified in ECL 27 1407(1-a). If this determination is not being requested in the application to participate in the BCP, the applicant may seek this determination at any time before issuance of a certificate of completion, using the BCP Amendment Application, except for sites seeking eligibility under the underutilized category.
 - d. for sites previously remediated pursuant to Titles 9, 13, or 14 of ECL Article 27, Title 5 of ECL Article 56, or Article 12 of Navigation Law, relevant documentation of this remediation.

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

DETERMINATION OF A COMPLETE APPLICATION (CONTINUED)

4. If the application is found to be incomplete:
 - a. the requestor will be notified via email or phone call regarding minor deficiencies. The requestor must submit information correcting the deficiency to DEC within the 30-day review time frame; or
 - b. the requestor will receive a formal Letter of Incomplete Application (LOI) if an application is substantially deficient, if the information needed to make an eligibility determination identified in #4 above is missing or found to be incomplete, or if a response to a minor deficiency is not received within the 30-day period. The LOI will detail all of the missing information and request submission of the information. If the information is not submitted within 30 days from the date of the LOI, the application will be deemed withdrawn. In this case, the requestor may resubmit the application without prejudice.
5. If the application is determined to be complete, DEC will send a Letter of Complete Application (LOC) that includes the dates of the public comment period. The LOC will:
 - a. include an approved public notice to be sent to all parties on the Contact List included with the application;
 - b. provide instructions for publishing the public notice in the newspaper on the date specified in the letter, and instructions for mailing the notice to the Contact List;
 - c. identify the need for a certification of mailing form to be returned to DEC along with proof of publication documentation; and
 - d. specify the deadline for publication of the newspaper notice, which must coincide with, or occur before, the date of publication in the Environmental Notice Bulletin (ENB).
 - i. DEC will send a notice of the application to the ENB. As the ENB is only published on Wednesdays, DEC must submit the notice by the Wednesday before it is to appear in the ENB.
 - ii. The mailing to parties on the Contact List must be completed no later than the Tuesday prior to ENB publication. If the mailings, newspaper notice and ENB notice are not completed within the timeframes established by the LOC, the public comment period on the application will be extended to ensure that there will be the required comment period.
 - iii. Marketing literature or brochures are prohibited from being included in mailings to the Contact List.

VOC	Volatile Organic Compound

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

This document and its Attachments supplement the Brownfield Cleanup Program (BCP) Application. The information is organized by the BCP Application sections. If no additional information is required, it is noted under its relevant section.

Section I - Property Information

The Site is comprised of two parcels: 954 Main Street (SBL: 100.78-6-1.1) and 1000 Main Street (SBL: 100.71-6-6.1) are approximately 2.88 acres, as noted in the form.

The proposed BCP boundary aligns with the new tax parcel property boundary. **Figure 1** depicts the BCP Site on a USGS 7.5-minute quadrangle map.

Tax Map Boundaries

The boundaries of the BCP Site have not been modified from the tax map boundaries. Tax map boundaries are included on **Figure 2**. A metes and bounds description of the proposed BCP Site boundary is provided in **Attachment A**.

Property Base Map

A map showing the proposed BCP Site on an aerial photograph showing parcel lines, tax map parcel numbers and owner information for adjacent parcels is included as **Figure 3**. **Figure 4** depicts land use for the local area.

En-Zone

Designation of En-Zones is limited to eligible 2022 Census Tracts with a poverty rate of at least 20% according to the 2016-2022 American Community Survey 5-year estimates and an unemployment rate of at least 125% of the New York State average, or a poverty rate of at least double the rate for the county in which the tract is located.

The BCP Site is within US Census Tract 68.01. According to the NYSDEC En-zone Boundaries Data Set, Erie County Census Tract 68.01 is not designated as an Environmental Zone ("En-Zone"), based on 2022 data, in which tax credits are enhanced.

Disadvantaged Communities

The Site is not identified as a disadvantaged community on the climate.ny.gov website.

Brownfield Opportunity Areas (BOA)

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

The Site is not presently located within a Brownfield Opportunity Area (BOA).

Multiple Applications

The proposed project is a stand-alone project and is not the subject of multiple applications.

Property Description Narrative

Location

The Site is located between the City's Allentown Neighborhood, a residential and commercial neighborhood, and the Buffalo Niagara Medical Campus. The Site is approximately 2.88-acres and is owned by The Salvation Army. North Street is located to the north, Main Street to the east, North Pearl Street to the west, and Allen Street to the south. Land uses immediately adjacent to the BCP Site include commercial, residential uses, and health care (Buffalo Medical Campus).

Site Features

The BCP Site consists of five commercial structures with surrounding asphalt parking lots. The BCP Site consists of the following:

- Two story Salvation Army at 954 Main Street
- Two story Salvation Army at 960 Main Street
- Two story Salvation Army at 972 Main Street
- Three story Salvation Army shelter at 984 Main Street
- One story office and day care building at 1000 Main Street

Current Zoning and Land Use

The Site is currently zoned as N-1C, Mixed Use Core. The category N-1C allows for many uses, including but not limited to dormitory, dwelling, emergency shelter, vehicle repair and parking lot. The zone addresses mixed-use, walkable centers of Buffalo's most compact neighborhoods.

Past Uses of the Site

According to historical records, the Site was initially occupied by residential homes. The property at 978 Main Street contained a gas station from the 1930s to the 1960s. The property at 988 Main Street contained an auto repair shop from 1946 to the 1950s. After 1960, the gas station at 978 Main Street was demolished for a hotel that operated from 1964 to 1998. The auto repair shop was demolished after 1951. The office and day care building at 1000 Main Street was constructed in 2001.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Surrounding historical property uses consisted of commercial use and residential development mainly along Pearl and Main Streets. This development included gas stations, automobile repair stations, storefronts, restaurants, apartments and warehousing.

Contamination at the Site appears to be from the placement of historic fill material throughout the years as property uses changed along Main Street and buildings were built and/or demolished.

The approximate location of the former gas station is shown on **Figure 5**. Due to the age of the former gas station (prior to NYSDEC registration), the condition and status of the tanks is unknown. Based on prior experience, it is likely that tanks remain in the ground underneath the existing building.

Geology and Hydrogeology

Historic Fill Material (HFM) containing clay tile, ash, concrete, metal, coal, or brick was observed in eight of the 10 soil borings.

<i>Historic Fill</i>	Brown Sand and Silt mixed with rocks, crushed concrete or bricks and some coal pieces. Underneath asphalt to a depth of one to four feet.
<i>Silt and Clay</i>	Various mixes of brown Silt and/or Clay underneath Fill to approximately eight to 12 feet.
<i>Silty Sand</i>	Brown to light brown fine grain Sand with some Silt. Over eight to 12 feet below grade.

Due to the tight fine-grained nature of the site soils, the drill rig could not reach groundwater. Temporary monitoring well TMW-01 was installed at 24 feet bgs to collect groundwater; however, after allowing the temporary monitoring well to sit for over 24 hours no water was collected.

C&S was involved with the investigation and remediation of the 1001 Main Street BCP site, located east across Main Street. The following is known about the hydrology at the 1001 Main Street BCP site and should be considered similar to the Salvation Army Site.

Based on our understanding of conditions at a nearby property, the principal groundwater-bearing zone is likely located within the coarse sand and gravel layer that is generally present

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

between 32 and 35 feet bgs. This layer is of variable thickness (generally six inches to three feet) but is horizontally discontinuous and is confined by the dense fine sands and silt above and below the groundwater bearing zone.

Groundwater flows from the west to the northeast, following the depositional area of the confined groundwater bearing zone.

Environmental Assessment

Soil

Based upon investigations conducted to date, the primary contaminants of concern in the surface and subsurface soil include SVOCs/PAHs and metals. These contaminants are found in surface soils and the fill material to depths of four feet. SVOCs and metals with the highest exceedances in surface soil were detected in the sample taken adjacent to the Salvation Army building. SVOC and metals in subsurface soil were widespread, with the highest exceedances in the one to two-foot depths.

The highest SVOC exceedances marginally exceed Residential Use, Restricted Residential Use, Commercial Use, and Industrial Use SCOs. Metals are also widespread throughout the Site. Lead, mercury and zinc were found to exceed Unrestricted Use SCOs. One location in the parking lot behind the office and day care building contained manganese above Industrial Use SCOs.

The fill material appears to be a mixture of soil types (sand, silt and or clay), ash, coal, gravel and construction demolition debris. The native soil is a silt and clay.

Figure 5 shows contaminants of concerns in relation to the proposed redevelopment. Two concerns are noted in **Figure 5** below. The first is the approximate location of former USTs to the new apartment building and the second is the fill material contamination risk in relation to new courtyard, playground and greenspace.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section II – Project Description

Phase I of The Salvation Army's redevelopment plans includes the replacement of its existing emergency shelter. The Salvation Army currently operates the largest family emergency shelter in the City, which is one of only two in the entire county. During this phase, the building identified as 954 Main Street would be vacated (currently office and programming space) and demolished. The remainder of the campus would continue to be used and occupied as it is now (chapel, assembly hall space, administrative offices, programming space, after-school programs, social services programs, and an emergency shelter). A new three-story emergency shelter for families would be constructed on the site of the former 954 Main Street building and occupied prior to full completion of the BCP. Once completed, the ground floor of the new shelter will house program space to support shelter residents, and the two stories above will include 32 units with 80 beds.

Once the new emergency shelter is constructed and occupied, Phase 2 can begin. During this Phase, the existing emergency shelter at 984 Main Street will be demolished (the old shelter cannot be demolished until the new shelter is constructed and occupied). In addition, The Salvation Army will demolish 972 Main Street and 1000 Main Street, which, along with the 984 Main Street, will make way for low-income and affordable apartments and townhouses, off-street parking spaces, a front plaza on Main Street, an interior courtyard for residents and staff, interconnecting walkways for movement across the Property, and related improvements. A new seven-story 147-unit apartment building will front on Main Street and is comprised of studio, one-bedroom, two-bedroom and three-bedroom units, with the ground floor consisting of apartments, common areas and amenities for residents, as well as program and administrative space for The Salvation Army. Five new two-story townhouse buildings totaling 17 units will front on North Pearl Street. 960 Main Street will be also renovated during this phase and while some programs will be moved off-site as needed, it will continue in operation to provide programming, administrative offices and worship services. Once Phase 2 is complete 960 Main Street will generally continue to operate the same, although some of the programs will move from 960 Main (or from off-site locations) to the first floor of the new apartment building.

Estimated Project Schedule:

December 2022	Brownfield Cleanup Program (BCP) Application Submission
March 2023	Brownfield Cleanup Agreement (BCA) Executed
Early Spring 2023	Remedial Investigation Work Plan (RIWP) Submission and Approval
Mid Spring 2023	Remedial Investigation (RI) Commences
Mid-Summer 2023	Report / Work Plan Submissions / Approvals

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Fall 2023	Decision Document
Winter 2023/2024	Remedial Activities
Summer 2024	Certificate of Completion (COC) Issued

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section III – Land Use Factors

Zoning

The Site is currently zoned as N-1C, Mixed Use Core. The category N-1C allows for many uses, including but not limited to dormitory, dwelling, emergency shelter, vehicle repair and parking lot. The zone addresses mixed-use, walkable centers of Buffalo's most compact neighborhoods.

Current Uses

The Salvation Army owns and operates two parcels that contain 5 existing buildings - 954 Main Street, 960 Main Street, 972 Main Street, 984 Main Street and 1000 Main Street in the City of Buffalo ("City"). The Salvation Army exists to offer hope for a better life by meeting basic human needs without regard to age, religion, ethnicity or educational level. The Salvation Army has operated at its Main Street campus in the City since the late 1950s to serve its mission of helping others through more than a dozen programs, including Emergency Family Assistance, Supervised Visitation, Emergency Shelter, Employment Services, Conflict Resolution/Anger Management, Corps Community Centers, Emergency Disaster and Canteen Services. While the needs of the City have shifted dramatically over the last sixty years, with an urgent need for affordable housing and additional family shelter capacity, The Salvation Army's focus has also shifted from providing mostly community activities to providing vital community services, housing in particular.

Intended Use – Post Remediation

Phase I of The Salvation Army's redevelopment plans includes the replacement of its existing emergency shelter. The Salvation Army currently operates the largest family emergency shelter in the City, which is one of only two in the entire county. During this phase, the building identified as 954 Main Street would be vacated (currently office and programming space) and demolished. The remainder of the campus would continue to be used and occupied as it is now (chapel, assembly hall space, administrative offices, programming space, after-school programs, social services programs, and an emergency shelter). A new three-story emergency shelter for families would be constructed on the site of the former 954 Main Street building and occupied prior to full completion of the BCP. Once completed, the ground floor of the new shelter will house program space to support shelter residents, and the two stories above will include 32 units with 80 beds.

Once the new emergency shelter is constructed and occupied, Phase 2 can begin. During this Phase, the existing emergency shelter at 984 Main Street will be demolished (the old shelter cannot be demolished until the new shelter is constructed and occupied). In addition, The Salvation Army will demolish 972 Main Street and 1000 Main Street, which, along with the 984

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Main Street, will make way for low-income and affordable apartments and townhouses, off-street parking spaces, a front plaza on Main Street, an interior courtyard for residents and staff, interconnecting walkways for movement across the Property, and related improvements. A new seven-story 147-unit apartment building will front on Main Street and is comprised of studio, one-bedroom, two-bedroom and three-bedroom units, with the ground floor consisting of apartments, common areas and amenities for residents, as well as program and administrative space for The Salvation Army. Five new two-story townhouse buildings totaling 17 units will front on North Pearl Street. 960 Main Street will be also renovated during this phase and while some programs will be moved off-site as needed, it will continue in operation to provide programming, administrative offices and worship services. Once Phase 2 is complete 960 Main Street will generally continue to operate the same, although some of the programs will move from 960 Main (or from off-site locations) to the first floor of the new apartment building.

Renewable Energy Facility Site

The redeveloped Site will not be used for renewable energy.

Current, Historical and/or Recent Development Patterns

Many areas of the City of Buffalo are seeing increased development. Recent development on and surrounding the Site has been focused on the development and growth of the hospital, bio-medical and life sciences facilities in Buffalo. Since 2001, re-development within the larger Buffalo Niagara Medical Campus includes construction of:

- Kaleida's Global Vascular Institute;
- Kaleida's Skilled Nursing Facility;
- BNMC's 10 story Parking Ramp;
- Hauptman Woodward Medical Research Institute;
- Expansion of the Roswell Park Cancer Institute; and
- Re-development of the former Trico manufacturing facility for the BNMC Innovation Center.
- Conventus Medical Office Building
- John R. Oishei Children's Hospital

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Consistency with Zoning

As described above, the Site is currently zoned as N-2C, Mixed Use Center. The category N-2C allows for many uses, including college/university civic uses. Applicable zoning approvals for the proposed future use have been obtained from the City of Buffalo Preservation Board, Planning Board and Zoning Board of Appeals.

Consistency with Plans

Each year, the City of Buffalo receives funds from the Department of Housing and Urban Development (HUD) for housing and community development activities to address priority needs locally identified by the City. To receive these federal funds, the City must submit a strategic plan — the Consolidated Plan — every five years that identifies local needs and how these needs will be addressed. The current Consolidated Plan is for October 1, 2020 through September 30, 2025. During the preparation of the Consolidated Plan the world was impacted by the COVID-19 pandemic. While many of the needs outlined in this Consolidated Plan are still true today, many are exacerbated by the social, economic, and health crisis facing the world.

The redevelopment at this Site will support efforts to locate homeless persons in shelters, soup kitchens and on the street; and link them with appropriate services, case management, and housing assistance.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section IV - Property's Environmental History

Environmental information currently exists for the Site from a Phase I Environmental Site Assessment (ESA) completed by C&S Engineers (C&S) in December 2013 at 1000 Main Street, limited soil investigations in July 2021 and a Phase I ESA in April 2022. The associated documents are provided in **Attachment B**.

The Phase I indicated areas containing Recognized Environmental Conditions (RECs) which were subsequently investigated in a Phase II ESA.

C&S Phase I ESA Report (December 2013)

The Phase I ESA for the Site identified the following:

- In the 1951 Sanborn Map, 988 Main Street, south of the Subject Property, was used as an auto repair shop. The maps did not indicate that fuel storage or gasoline station services occurred on site.
- Two filling stations, operating in the 1950s, were located south and east of the Subject Property. Since these gas stations are located cross and downgradient respectively; therefore, significant environmental risk to the Subject Property is low.
- In the 1951 Sanborn Map, 972 Main Street, south of the Subject Property, was used as an filling station. The maps indicate that fuel storage or gasoline station services occurred on site. Due to the age of the former gasoline station (prior to NYSDEC registration), the condition and status of the tanks is unknown. Based on prior experience, it is likely that tanks remain in the ground underneath the existing building.
- One offsite recognized environmental condition was identified from the historic record search. A historic dry cleaner was located north of the Subject Property and operated from late 1930s to early 1940s. Typical risks from dry cleaning are environmental impacts of discharging dry-cleaning solvents into the ground through septic systems. However, surface dumping of the chemicals can also have occurred at the site. This facility was located in an area with city sanitary sewer service and would be unlikely to use a subsurface discharge of waste chemicals. The environmental risk from the facility is considered low to moderate.
- A Brownfield Cleanup site is located directly across Main Street from the Subject Property. Petroleum remediation has been ongoing from 1990 to 2012. Contaminated soil and groundwater have been removed for the construction of an eight-story medical office

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

building. Groundwater contamination is known to extend underneath Main Street. However, this site does not pose a significant offsite environmental concern because groundwater flows away from the Subject Property and the metro rail tunnel (underneath Main Street) blocks contaminant transport.

C&S Limited Investigation (July 2021)

An investigation was completed to provide limited characterization of the soil on the Site. This effort included the advancement of 10 soil borings. The soil samples were analyzed for VOCs, SVOCs, PCBs and metals. The analytical findings from the limited investigation are provided below:

- Contaminant concentrations in the surface soil exceeded NYSDEC SCOs for SVOCs and metals at concentrations above the Unrestricted, Residential Use, Restricted Residential Use, and Commercial Use and Industrial Use SCOs.
- Contaminant concentrations in the subsurface soil exceeded NYSDEC SCOs for SVOCs and metals at concentrations above the Unrestricted, Residential Use, Restricted Residential Use, and Commercial Use and Industrial Use SCOs.

Surface Soil

- SVOCs were detected at concentrations greater than laboratory detection limits in all four of the samples.
 - There were two benzo(k)fluoranthene concentrations that were greater than Unrestricted Use SCOs in SS-01 and SS-03.
 - There were three chrysene concentrations that were greater than Residential Use SCOs in SS-01 and SS-03.
 - The number of contaminant concentrations that were greater than Restricted-Residential Use SCOs included three in SS-01, two in SS-02, three in SS-03, and three in SS-04. Contaminants included benzo(a)anthracene, benzo(b)fluoranthene, benzo(k)fluoranthene, chrysene and indeno(1,2,3-cd)pyrene.
 - The number of contaminant concentrations that were greater than Industrial Use SCOs included one in SS-01, five in SS-02, one in SS-03, and one in SS-04.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Contaminants included benzo[a]anthracene, benzo(a)pyrene, benzo(b)fluoranthene, di-n-butyl phthalate and indeno(1,2,3-cd)pyrene.

- PCBs were not detected at concentrations greater than laboratory limits in all the samples.
- Metals were detected at concentrations greater than laboratory detection limits in all the samples.
 - The number of contaminant concentrations that were greater than Unrestricted Use SCOs included one in SS-01, two in SS-02, two in SS-03, and two in SS-04. Contaminants included lead and zinc.
 - Mercury concentration exceeded the Restricted Residential Use SCO in SS-02.

Subsurface Soil

- VOCs were detected at concentrations greater than laboratory detection limits all of the six samples. However, none of the concentrations exceeded a SCO.
- SVOCs were detected at concentrations greater than laboratory detection limits in three of the six samples.
 - There was benzo(k)fluoranthene concentrations that were greater than Unrestricted Use SCOs in EB-04 at 1-2 feet.
 - There were three benzo(k)fluoranthene and chrysene concentrations that were greater than Residential Use SCOs in EB-02, EB-04 and EB-05.
 - The number of contaminant concentrations that were greater than Restricted-Residential Use SCOs included four in EB-02, three in EB-04, and four in EB-05. Contaminants included benzo(a)anthracene, benzo(b)fluoranthene, dibenz(a,h)anthracene and indeno(1,2,3-cd)pyrene.
 - There was benzo(a)pyrene concentrations that were greater than Industrial Use SCOs in EB-02, EB-04 and EB-05 at one to four feet.
- PCBs were not detected at concentrations greater than laboratory limits in all the samples.
- Metals were detected at concentrations greater than laboratory detection limits and greater than at least one SCO in all of the six samples.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

- The number of contaminant concentrations that were greater than Unrestricted Use SCOs included two in EB-03, three in EB-02, three in EB-04, three in EB-05, three in EB-07 and one in EB-06. Contaminants included mercury, copper, lead and zinc.
- Cadmium was detected at concentrations greater than the Residential Use SCO in EB-04 at one to two feet bgs.
- Manganese was detected at concentrations greater than the Industrial Use SCO in EB-04 at one to two feet bgs.

Sampling results are summarized in the Tables attached. **Figures 6** depict sample exceedances in the surface soil and subsurface soil.

C&S Phase I ESA Report (April 2022)

The Phase I ESA for the Site identified the following:

- The Subject Property consists of City of Buffalo Tax Map ID No. 100.78-6-1.1 and 100.71-6-6.1, which is located at 954 and 1000 Main Street. The Subject Property is 2.88 acres and is reportedly owned by The Salvation Army. The Subject Property consists of four multiple story buildings owned and operated by the Salvation Army and one single story building owned by the Salvation Army and operated by a day care.
- The Subject Property and surrounding area have been associated with dense urban development since at least 1889. The majority of the Subject Property was occupied by residential houses from at least 1889 through 1925. In 1951, sections of the Subject Property began operating as a hotel, restaurant and gasoline station. The current buildings operated by the Salvation Army were constructed between 1960 – 1970. The single-story building at 1000 Main Street was constructed in 2001.
- The Subject Property and adjacent properties have historically been residences, gasoline service stations, paint shop/painter and other commercial businesses including restaurants and medical offices. Currently, the Subject Property is surrounded by commercial uses to the north, south and east. There are residences adjacent to the Subject Property to the west. Overall, land use in the area surrounding the Subject Property has historically been residential and commercial. Commercial uses include medical, dry cleaning services, gasoline service stations, automotive sales, and service stations. The information reviewed is indicative of property types and uses that are likely to have

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

resulted in releases, and therefore warrant deeming the sites RECs with respect to the Subject Property.

- It is our opinion, that the information provided in the database report identified a number of records associated with sites adjoining or in proximity to the Subject Property which may pose a REC with respect to the Subject Property. These include Cumberland Farms site to the north and 1001 Main Street/Former Mobil Service Station 99-MST site to the east, because of historic spills closed with apparent soil and/or groundwater contamination left in place. These sites are soil vapor concerns for the Subject Property.
- Based on the reconnaissance of the Subject Property, there was no visual evidence of a REC.
- Based on the onsite building's age, it is likely to contain hazardous materials that could have been used in historic construction.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section V - Requestor Information

The requestor is:

SAB Hope LLC

100 South Elmwood Avenue, Suite 100

Buffalo, New York 14202

Email: fciminelli@arcbldg.com

Frank L. Ciminelli II is the sole member and managing partner of SAB Hope LLC.

Authorized Representative: Frank L. Ciminelli II

Phone: (716) 427-6100

Email: fciminelli@arcbldg.com

A New York State Department of State Corporation & Business Entity Database printout for the volunteer is provided in **Attachment C**. An executed corporate resolution from SAB Hope LLC authorizing Mr. Frank L. Ciminelli II to act as representative in BCP application is also located in **Attachment C**.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section VI – Requestor Eligibility

SAB Hope LLC has not operated or been involved with previous owners and/or operators of the Site at any time prior to The Salvation Army purchasing 954 Main Street and 1001 Main Street. Contaminated fill material was likely placed onsite prior to The Salvation Army purchasing the parcels in the 1950s and early 2020. The Volunteer have had no legal relationship with or to any prior owner.

Proof of site access sufficient to complete the remediation in the form of a lease agreement between SAB Hope LLC and The Salvation Army is provided in **Attachment D**.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section VII - Requestor Contact Information

Contact information for the Requestor's Authorized Representative, Requestor's Consultant, and Requestor's Attorney are provided in the form.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section VIII – Program Fee

The project seeks a waiver because it is a fully affordable housing project which needs the funds to cover amounts not provided by other NYS governmental sources or the tax credit investor. We understand that DEC will be issuing regulations that might include blanket waivers for these types of projects, and ask that any fee otherwise due and owing be deferred until such regulations are issued and there is more clarity on whether affordable housing projects will be provided generally with fee waivers.

The petition to waive the program fee is provided in **Attachment G**.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section IX – Current Property Owner and Operator Information

The Brownfield Cleanup Program Site is comprised of two parcels: 954 Main Street and 1000 Main Street.

Parcels Owner Name and Information:

Owner / Operator: The Salvation Army
Address: 960 Main Street
Phone: 716-883-9800
Email: annette.lock@use.salvationarmy.org
Contact: Major Annette Lock

Previous Property Owners / Occupants / Operators:

Prior to 1950, the BCP Site consisted of multiple tax parcels (see tables below). Over the years these parcels have been combined and are now addressed as 954 Main Street and 1000 Main Street. The Salvation Army purchased 954 Main Street on April 6, 1957 and 1000 Main Street on December 31, 2020. The Salvation Army and SAB Hope LLC has no relationship to the prior owners or operators.

Reasonably ascertainable past owner and operator records were compiled from a City Directory Database search for the properties associated with the Site. The table below presents a summary of the database search. A review of these records indicates that the Applicant has had no legal relationship with any prior owners and/or operators at the BCP Site. Last known telephone numbers or addresses could not be obtained, unless otherwise noted.

The City Directory Database Search is provided in **Attachment E**. The tables below present past operators of the Site.

BCP APPLICATION – SUPPLEMENTAL AND SUPPORTING INFORMATION

Hope On Main, City of Buffalo, Erie County, New York

Section X - Property Eligibility Information

The Site is not listed on the National Priorities List, not on the NYS Registry of Inactive Hazardous Waste Disposal Sites, not subject to permitting under ECL Article 27-16305, not subject to a cleanup order under Navigation Law Article 12 or ECL Article 17 Title 10, and not subject to state or federal enforcement actions related to hazardous waste or petroleum.

The proposed development calls for the buildings at 954, 970, 1000 Main Street, and the existing shelter to be demolished. The Buffalo headquarters at 906 Main Street would remain. The project will include replacement of the existing emergency shelter, as well as construction of low-income and affordable apartments and townhouses, a courtyard, parking and related improvements. The apartments and townhouses include 155 units in a six-story building fronting Main Street and 17 townhouses along North Pearl Street. Up to 35 units would be for tenants enrolled in The Salvation Army's supportive programs with the remaining units available for low-income tenants.

In order to use the Site for this use, the Volunteer will remediate the property to Unrestricted Use (Track 1) under 6 NYCRR Part 375. The site investigations to date establish that contamination is present at the property that exceeds the soil cleanup objectives and other health-based standards and goals set by the Department that would be applicable to the reasonably anticipated end-use of the property and, thereby, in its current state, renders the property unsuitable for the planned redevelopment of the property.

Analytical Data compared to Part 375 Standards and DER-10

ND indicates analyte was not detected.

Blank space indicates analyte was not analyzed for in that sample.

*+ - LCS and/or LCSD is outside acceptance limits, high biased.

^6+ - Interference Check Standard (ICSA and/or ICSAB) is outside acceptance limits, high biased.

B - Compound was found in the blank and sample.

F1 - MS and/or MSD recovery exceeds control limits.

F2 - MS/MSD RPD exceeds control limits

J - Result is less than the RL but greater than or equal to the MDL and the concentration is an approximate value.

vs - Reported analyte concentrations are below 200 ug/kg and may be biased low due to the sample not being collected according to 5035A-L low-level specifications.

Proof of Access for Remediation/Lease Agreement

BROWNFIELD CLEANUP LEASE AGREEMENT

THIS LEASE AGREEMENT ("Lease"), made as of this 7th day of November, 2022 ("Effective Date") by and between THE SALVATION ARMY ("Landlord"), and SAB HOPE, LLC, Cerulean Holdings, Inc. and any successors thereto (collectively, "Direct Owner"), Frank L. Ciminelli II and any other direct or indirect members, shareholders, partners, owners, and all other persons who are taxpayers having a direct or indirect equity interest in a Direct Owner if such Direct Owner is not an entity that pays New York State income tax (collectively, "Tenant"); (collectively, Landlord and Tenant are the "Parties").

WITNESSETH:

WHEREAS, Landlord is currently exploring plans to redevelop the Premises by renovating one existing building and demolishing four existing buildings to construct and operate: (i) a three-story, 80-bed emergency shelter for families (ii) a seven-story, 147-unit apartment building; (iii) 16 two-story townhouses; and other improvements to the Premises including 60 off-street parking spaces ("Redevelopment Project").

WHEREAS, in conjunction with the Redevelopment Project, the Parties desire to enter the Premises into the New York State Brownfield Cleanup Program ("BCP") and to remediate the Premises in conjunction with the Redevelopment Project in order to generate BCP tax credits.

IN CONSIDERATION of the mutual promises of the Parties hereto and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Landlord and Tenant hereby agree as follows:

I. PREMISES.

- A.** Landlord leases to Tenant, and Tenant leases from Landlord, on a **non-exclusive** basis, the premises commonly known as 954, 960, 970, 984 and 1000 Main Street, Buffalo New York, (SBL 100.78-6-1.1 and 100.71-6-6.1) consisting of approximately 2.4 acres of land ("Premises"). A survey of the Premises is attached hereto as **Exhibit A**.
- B.** Landlord reserves the right to operate and maintain its existing operations on the Premises and Tenant shall ensure that Tenant's activities on the Premises do not unreasonably interfere with Landlord's operations.

II. TERM.

- A.** The term of the Lease ("Lease Term") shall commence on the date that the Premises are accepted into the BCP by the New York State Department of Environmental Conservation ("NYSDEC") and shall expire at midnight four (4) years and three hundred and thirty four (334) days later ("Expiration Date"), unless sooner terminated in accordance with the terms hereof.
- B.** To the extent necessary to complete the BCP process and obtain BCP tax credits, upon mutual consent, the Parties may extend the Lease Term beyond the Expiration Date, to a date to be determined by the Parties in accordance with the terms hereof.

III. RENT.

- A.** Tenant agrees to pay to Landlord one dollar (\$1.00) per year.

IV. BROWNFIELD CLEANUP PROGRAM.

- A.** The purpose of this Lease is to grant Tenant all rights necessary to enter the Premises into the BCP and to obtain a BCP Certificate of Completion ("CofC"). Tenant shall be the applicant for purposes of entering the Premises into the BCP and shall execute a Brownfield Cleanup Agreement ("BCA") with NYSDEC.

- B.** Pursuant to this Lease, Tenant shall have the right to enter the Premises to: (i) investigate the Premises for the presence of contamination in groundwater and soils on or under the Premises; and, (ii) conduct any and all remediation necessary to obtain a CofC under the BCP.
- C.** Pursuant to this Lease, Tenant shall have the right to undertake any and all actions necessary to comply with the general terms and conditions set forth in the DER-32, Brownfield Cleanup Program Applications and Agreements and/or the terms of the BCA including, without limitation, the recording of an Environmental Easement to run with the land in favor of the State of New York which complies with the requirements of ECL Article 71, Title 36 and 6 NYCRR § 375-1.8(h)(2). Landlord shall execute any documentation necessary to record this Environmental Easement for the Premises.
- D.** Pursuant to this Lease, Tenant shall have the right to provide access to the Premises, and to all relevant information regarding activities at the Premises, to NYSDEC, its employees, consultants and agents in accordance with the provisions of ECL § 27-1431. NYSDEC shall have the right to inspect the Premises to ensure that the use of the Premises complies with the terms and conditions of the BCA. Landlord acknowledges that NYSDEC will generally conduct such inspections during business hours, but shall have the right to inspect at any time.

V. USE OF PREMISES BY TENANT.

- A.** Tenant shall only use the Premises as necessary for the purpose of investigating and remediating the Premises consistent with the requirements of the BCP. Tenant is prohibited from using the Premises for any other purpose or use whatsoever without Landlord's written consent.
- B.** Effective as of the date Tenant first enters upon the Premises and continuing throughout the Lease Term and any extensions thereof, including, without limitation, any holdover with or without Landlord's consent, Tenant shall procure, pay for and keep in full force and effect, the following types of insurance:

 - 1. Commercial General Liability Insurance Policy insuring the Premises and Tenant's use thereof, in a form satisfactory to Landlord with companies having an A.M. Best Rating or its equivalent of A-VIII or better, and with a minimum limit of One Million and 00/100 Dollars (\$1,000,000.00) on account of bodily injuries to or death or property damage for each occurrence and a minimum limit of Two Million Dollars (\$2,000,000.00) annual general aggregate. The foregoing policy shall include Landlord as an additional insured under Tenant's insurance policy and shall bear endorsements to the effect that the insurer agrees to notify all additional insureds not less than thirty (30) days in advance of any modification or cancellation thereof;
 - 2. Workers' compensation insurance (meeting the requirements of the workers' compensation laws of the State of New York and employer liability insurance covering all of Tenant's employees at the Premises. Tenant shall also use good faith efforts to ensure all contractors, sub-contractors, vendors, leased employees, and temporary employees are properly insured for workers' compensation;
 - 3. Commercial automobile liability insurance for hired, owned/registered under Tenant's name and non-owned vehicles, including contractual liability with a single limit of liability not less than \$1,000,000 per accident for bodily injury and property damage combined; and

Tenant shall deposit with Landlord prior to the date of any use or occupancy of the Premises by Tenant certificates evidencing Tenant's compliance with each of the required coverages. To the extent that any of the foregoing policies shall change in name and/or coverage due to general changes in the insurance industry, Tenant shall obtain and maintain the equivalent policies and coverages as are then recognized in the insurance industry.

VI. ASSIGNMENT AND SUBLETTING. Tenant shall not assign this Lease nor sublet the Premises or any part thereof.

VII. EMINENT DOMAIN. In the event the Premises or any part thereof shall be taken or condemned either permanently or temporarily for any public or quasi-public use or purpose by any authority in appropriate proceedings or by any right of eminent domain, the entire compensation award thereof, including, but not limited to, all damages as compensation for diminution in value of the leasehold, reversion and fee, shall belong to Landlord, without any deduction therefrom for any present or future estate of Tenant, and Tenant hereby assigns to Landlord all its right, title, and interest to any such award. Tenant shall have the right to recover from the condemning authority, but not from Landlord, such compensation as may be separately awarded to Tenant. In the event of a taking under the power of eminent domain, either Landlord or Tenant shall have the right to terminate this Lease by notice in writing given within ninety (90) days after the condemning authority takes possession.

VIII. EARLY TERMINATION. This Lease shall terminate prior to the end of the Lease Term upon the successful completion of the Redevelopment Project. Successful completion of the Redevelopment Project shall mean the completion of construction of Phases I and II (including, without limitation, the issuance of certificates of occupancy for the buildings) and the occurrence of all Redevelopment Project BCP tax credits taking into account any non-appealable resolution or settlement of any disputes or appeals relative to BCP tax credits (or amount thereof or entitlement thereto) with the New York State Department of Taxation and Finance. In addition, either party hereto may terminate this Lease in the event of: (i) the failure or inability of Landlord or Tenant to obtain necessary funding or approvals for the Redevelopment Project; (ii) a breach of this Lease by the other party hereto after notice and an opportunity to cure; or (iii) the termination of a certain Development Services Agreement between Landlord and Tenant relative to the Redevelopment Project.

IX. NOTICES. All notices, requests, demands, invoices, submissions and other communications under this Lease shall be made in writing and shall be deemed to have been duly given on the date of service if served personally on the party to whom notice is to be given, or on the date received if sent by recognized overnight delivery service or Certified US Mail to the party to whom notice is to be given, and properly addressed as follows:

To Army at: 960 Main Street
Buffalo, NY 14202
Attn: Major Annette Lock, Director of Operations

With a copy to: 440 West Nyack Road
West Nyack, NY 10994
Attn: General Counsel
Property Secretary

To HOPE at: 100 South Elmwood Avenue, Suite 100
Buffalo, NY 14203
Attn: Frank L Ciminelli, Managing Member

Either party hereto may change its address(s) for purposes of this paragraph by giving the other party notice of the new address in the manner set forth above.

X. SECURITY DEPOSIT. None.

XI. MISCELLANEOUS PROVISIONS.

- A.** No waiver by either party hereto of any failure or refusal by the other party hereto to comply with its obligations hereunder shall be deemed a waiver of any other or subsequent failure or refusal by such party to so comply.
- B.** The Parties to this Lease are not partners or joint venturers with each other and nothing herein shall be construed to make them partners or joint venturers or impose any liability as such on either of them.
- C.** This Lease shall be governed by, and construed in accordance with, the internal laws of the State

of New York, without regard to principles of conflict of laws.

- D.** If any one or more of the provisions of this Lease are for any reason held to be invalid, illegal or unenforceable by a court of competent jurisdiction, the remaining provisions of this Lease will be unimpaired and will remain in full force and effect, and the invalid, illegal or unenforceable provision will be replaced by a valid, legal or enforceable provision that comes closest to the intent of the parties underlying the invalid, illegal or unenforceable provision.
- E.** This Lease may be executed in a number of identical counterparts, each of which for all purposes is to be deemed as original, and all of which constitute, collectively, one agreement.
- F.** This Lease, and any riders and exhibits hereto, have been mutually negotiated by Landlord and Tenant. Any ambiguities will not be interpreted in favor of either party. The captions contained herein are for convenience and reference only and will not be deemed as part of this Lease or construed in any manner limiting or amplifying the terms and provisions of this Lease to which they relate.
- G. Exhibits.** The following Exhibits are attached to this Lease and incorporated herein by reference:

Exhibit "A" - Survey of Premises

[signatures appear on the following page]

IN WITNESS WHEREOF, Landlord and Tenant have caused this Lease to be signed, as of the date and year first above written.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Abstract is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Abstract includes a search and abstract of available city directory data. For each address, the directory lists the name of the corresponding occupant at five year intervals.

Business directories including city, cross reference and telephone directories were reviewed, if available, at approximately five year intervals for the years spanning 1925 through 2013. This report compiles information gathered in this review by geocoding the latitude and longitude of properties identified and gathering information about properties within 660 feet of the target property.

A summary of the information obtained is provided in the text of this report.

Brownfield Cleanup Program Fee Waiver

Via E-mail

January 27, 2023

Gregory P. Scholand
Assistant Regional Attorney, Office of General Counsel
New York State Department of Environmental Conservation
Gregory.Scholand@dec.ny.gov

Re: The Salvation Army Requesting a Brownfield Cleanup Program Fee Waiver

Dear Mr. Scholand:

The Salvation Army (“**TSA**”) is proposing the redevelopment of TSA’s Main Street Campus (“**Project**”), consisting of 954, 960, 972, 984 and 1000 Main Street located in the City of Buffalo (“**City**”). The Main Street Campus is contaminated and is believed to be eligible for the Brownfield Cleanup Program (“**BCP**”). Because the \$50,000 application fee is a new requirement, it was not budgeted for at the Project’s inception. And, because the Project will be funded entirely by state and charitable sources, if the Project does not come to fruition, TSA will be at risk of losing this money, that could otherwise be used to serve the most vulnerable persons in our community. Accordingly, as detailed further below, TSA requests that the New York State Department of Environmental Conservation (“**Department**”) grant TSA a waiver of the \$50,000 application fee for the Project.

TSA and SAB Hope LLC

TSA is a religious and charitable organization and is recognized as an exempt organization by the Internal Revenue Service under the provision of section 501(c)(3) of the Internal Revenue Code. TSA of Buffalo exists to offer hope for a better life by meeting basic human needs without regard to age, religion, ethnicity or educational level. Its mission is to help others through more than a dozen programs, including Emergency Family Assistance, Supervised Visitation, Emergency Shelter, Employment Services, Conflict Resolution/Anger Management, Corps Community Centers, Emergency Disaster and Canteen Services.

TSA has partnered with SAB Hope LLC to assist with cleaning up and redeveloping the Main Street Campus, as well as assistance with financing and filing tax credit applications. However, as between the two of them, TSA is responsible for all Project costs, including the BCP application fee. TSA will have to raise these additional funds, on top of the Project costs.

Redevelopment Plans

TSA owns and operates two parcels that contain 5 existing buildings - 954 Main Street, 960 Main Street, 972 Main Street, 984 Main Street and 1000 Main Street in the City. While the needs of the City have shifted dramatically over the last sixty years, with an urgent need for quality affordable housing and additional family shelter capacity, TSA’s focus has also shifted from providing mostly community activities to providing vital community services, housing in particular.

Phase I of TSA's redevelopment plans includes the replacement of its existing emergency shelter. TSA currently operates the largest family emergency shelter in the City, which is one of only two in the entire county. A new 3-story emergency shelter for families would be constructed on the site of the former 954 Main Street building and occupied prior to full completion of the BCP. Once completed, the ground floor of the new shelter will house program space to support shelter residents, and the two stories above will include 32 units with 80 beds. The residents of the new shelter will be families who are homeless and in need of emergency housing by reason of their inability to obtain other housing, such as an apartment or home. This is a shelter of last resort for these families. The accommodations will be a room or rooms with congregate dining facilities.

Once the new emergency shelter is constructed and occupied, Phase 2 can begin. During this Phase, the existing emergency shelter at 984 Main Street will be demolished, along with 972 Main Street and 1000 Main Street, to make way for low-income and affordable apartments and townhouses, off-street parking spaces, a front plaza on Main Street, an interior courtyard for residents and staff, interconnecting walkways for movement across the Property, and related improvements.

Waiver Request

In prior discussions, we understand that the Department will consider the following factors in deciding a request for a fee waiver and determining whether remediation of the brownfield site would be economically viable with payment of the program fee. For your reference, each of the factors is noted below, along with TSA's responses to same included in italics.

1. Pursuant to Section VIII of the instructions: If the requestor is applying for a fee waiver, sufficient documentation must be provided to demonstrate financial hardship. To demonstrate financial hardship, the applicant must show that with the payment of the program fee, remediation of the brownfield site would not be economically viable. This documentation may be in the form of federal tax returns with applicable schedules, financial statements and balance sheets, proof that the applicant has waived its right to tax credits, or any other documentation deemed acceptable by the Department.

RESPONSE: As the named applicant in the BCP application, SAB Hope LLC is a newly formed entity with no assets or income. Regarding the financial hardship, as stated above, TSA is responsible for all Project costs, including the BCP application fee. Because the Project will be funded entirely by state and charitable sources, if the Project does not come to fruition, TSA will be at risk of losing this money, that could otherwise be used to serve the most vulnerable persons in our community. In 2022 alone, TSA of Buffalo served 21,000 individuals, providing over 26,000 nights of shelter. Through its three centers across the City, TSA served over 180,000 meals to residents of Erie County and provided rent and utility assistance, clothing, furniture, case management, and seasonal assistance to over 11,000 households. 50,000 dollars is the equivalent to 800 nights of lodging and could mean the difference between sleeping on the streets or in their cars for dozens of unhoused families.

2. Whether the applicant has waived its rights to tax credits.

RESPONSE: The Project is dependent on obtaining certain tax credits, including brownfield tax credits and affordable housing tax credits, to be viable. In addition to tax credits, the Project will be funded entirely by state and charitable sources to complete the Project and provide necessary and quality affordable housing as well as vital community services.

3. Whether the location of the proposed brownfield site is in a disadvantaged community or the proposed brownfield site is being developed as an affordable housing project.

RESPONSE: The Project is being developed to provide necessary and quality affordable housing as well as vital community services. Additionally, we understand that an exemption of affordable housing projects from the BCP application fee may be an issue currently under discussion among the Department and NYS Homes and Community Renewal. If this is the case, we ask that you consider, at a minimum, holding in abeyance the decision to issue TSA a waiver from the application fee until such discussions have concluded and a final determination can be made. In any event, it would seem to be an undecidedly unfair burden to add the risk of the loss \$50,000 to a charitable organization attempting to fund the cost of building an emergency shelter and affordable housing, in part, with Brownfield tax credit equity.

4. The assets and income of the applicant.

RESPONSE: See Response to Question 1 above.

5. Any other factors deemed relevant.

RESPONSE: The Project will add approximately 164 new quality low-income and affordable apartments and townhouses, as well as a new 80-bed emergency shelter for families. There is a clear need for quality affordable housing in the City and across Erie County. As recently announced in her State of the State address, Governor Hochul intends to significantly grow the number of affordable housing projects across the State. This goal cannot be achieved unless the Department starts waiving the BCP fee for projects like this that include affordable housing. Additionally, the Project also includes the much needed replacement of TSA's emergency shelter, one of only two in all of Erie County. This is a crucial resource that can be utilized by the most vulnerable persons in our community in times of homelessness or home insecurity.

For the reasons stated above, and in our BCP application, TSA respectfully submits that a waiver of the \$50,000 application fee is appropriate.

Subject: FW: Brownfield Cleanup program

Good afternoon Alayna,

I'm replying on behalf of Carol Batt regarding your request below.

This is to inform you that permission is granted to C&S Companies for the Buffalo and Erie County Public Library to be the repository for all present and future documents and updates that should be made available for public inspection/review. ***You will not need additional future permission.***

Please keep the following in mind:

- J Documents (including updates) for public inspection/review should be brought in person to the Central Library (second floor Administration Office) or mailed to the attention of Carol Batt, of whom I assist. Documents sent via e-mail will not be accepted. The mailing address is:

**Attention: Carol Ann Batt
Chief Operating Officer
Buffalo and Erie County Public Library
1 Lafayette Square
Buffalo, NY 14203**
- J Documents for the Central Library (downtown) are made available on the first floor in the Information Services Department usually within 3 days after receipt, not counting weekends.
- J If you would like document(s) distributed at libraries other than the Central Library (downtown), you will need to send the appropriate quantity of copies with labels regarding their destinations. We will distribution accordingly. We do not make copies for distribution.
- J It is your choice regarding the format (hard copy and/or disk) you wish to submit. If the document is very large, part in hard copy and part on disk is acceptable. If submitting in both formats, please be sure that they are titled/labeled accordingly. Although CD-ROMs cannot be used on public library computers, if someone brings in their personal laptop, the disc can be viewed in-house. If optional, an alternative is the availability of a provided

link to allow patrons online access to read/review/print. Patrons are not allowed to take the original documents out of the library.

If you still have any questions/concerns, please feel free to contact me by replying to this e-mail or by phone at 716-858-7129. Thank you.

Regards,
April
