Dear Mr. Ng:

Enclosed find the Town of Hempstead's ERP applications for the properties it owns in the community of Elmont. These properties were the subject of a TSA performed by Environmental Resources Management in November 2006. A copy of which is in your possession. I look forward to working with you and if further information is needed please feel free to contact me.

Sincerely yours,

Alan M. Parente

PURPOSE AND SCOPE OF THE PROJECT –ELMONT- LOT 199

Elmont is an unincorporated community of approximately 32,700 people located in the most western part of the Town. It abuts Queens County and is the home of Belmont Racetrack.

It suffers from high poverty levels and distressed commercial districts evidenced by deterioration, abandonment and high vacancy rates.

During the 1990's, Elmont experienced an influx of minorities, from NYC, which created a 15% increase in its population which is presently composed as follows:

- 45.6% Caucasian
- 34.7% African American
- 14.3% Hispanic
- 9.1% Asian
- 5.7% Other

This population increase has created a severe strain on the community's ability to provide essential social services.

Affordable housing and housing for its special needs population remains a top priority. The Town has created an Urban Renewal Area in the Jamaica Square section of Elmont between Hendrickson Avenue and Makosfske Avenue.

Accordingly, the Town has embarked on a course of acquiring blighted properties, with Brownfield problems, in order to remediate and construct affordable homes and provide commercial rehabilitation on those sites.

CURRENT AND PROPOSED FUTURE USE OF THE SITE

Current use: Vacant – Zoned Business X

Proposed use: Commercial and/or affordable housing

ESTIMATED PROJECT COST

Based on the TSA already completed, between \$175,000.00 and \$400,000.00 will be needed for complete remediation. Those numbers include remediation of the site east of this site known as Section 32 Block 365 Lot 200. The Town will use CDBG monies as a funding source.

ECL 56-0505

- 1) The project will result in beneficial environmental remediation;
- 2) The sale of the property to a commercial end user will provide the State with additional sales tax, income tax, and business tax revenues;
- 3) Expansion of real estate tax base for Elmont and its beleaguered School District; and

ESTIMATED PROJECT SCHEDULE

Field work will begin as soon as the application is approved and certainly within the 12 month requirement. Once remediation is completed, the Town will advertise property for sale to beneficial end user.

PURPOSE AND SCOPE OF THE PROJECT –ELMONT – LOT 200

Elmont is an unincorporated community of approximately 32,700 people located in the most western part of the Town. It abuts Queens County and is the home of Belmont Racetrack.

It suffers from high poverty levels and distressed commercial districts evidenced by deterioration, abandonment and high vacancy rates.

During the 1990's, Elmont experienced an influx of minorities, from NYC, which created a 15% increase in its population which is presently composed as follows:

- 45.6% Caucasian
- 34.7% African American
- 14.3% Hispanic
- 9.1% Asian
- 5.7% Other

This population increase has created a severe strain on the community's ability to provide essential social services.

Affordable housing and housing for its special needs population remains a top priority. The Town has created an Urban Renewal Area in the Jamaica Square section of Elmont between Hendrickson Avenue and Makosfske Avenue.

Accordingly, the Town has embarked on a course of acquiring blighted properties, with Brownfield problems, in order to remediate and construct affordable homes and provide commercial rehabilitation on those sites.

CURRENT AND PROPOSED FUTURE USE OF THE SITE

Current use: Vacant – Zoned Business X

Proposed use: Commercial and/or affordable housing

ESTIMATED PROJECT COST

Based on the TSA already completed, between \$175,000.00 and \$400,000.00 will be needed for complete remediation. Those numbers include remediation of the site west of this site known as Section 32 Block 365 lots 199 and 57 through 61. The Town will use CDBG monies as a funding source.

ECL 56-0505

- 1) The project will result in beneficial environmental remediation;
- 2) The sale of the property to a commercial end user will provide the State with additional sales tax, income tax, and business tax revenues;
- 3) Expansion of real estate tax base for Elmont and its beleaguered School District; and

ESTIMATED PROJECT SCHEDULE

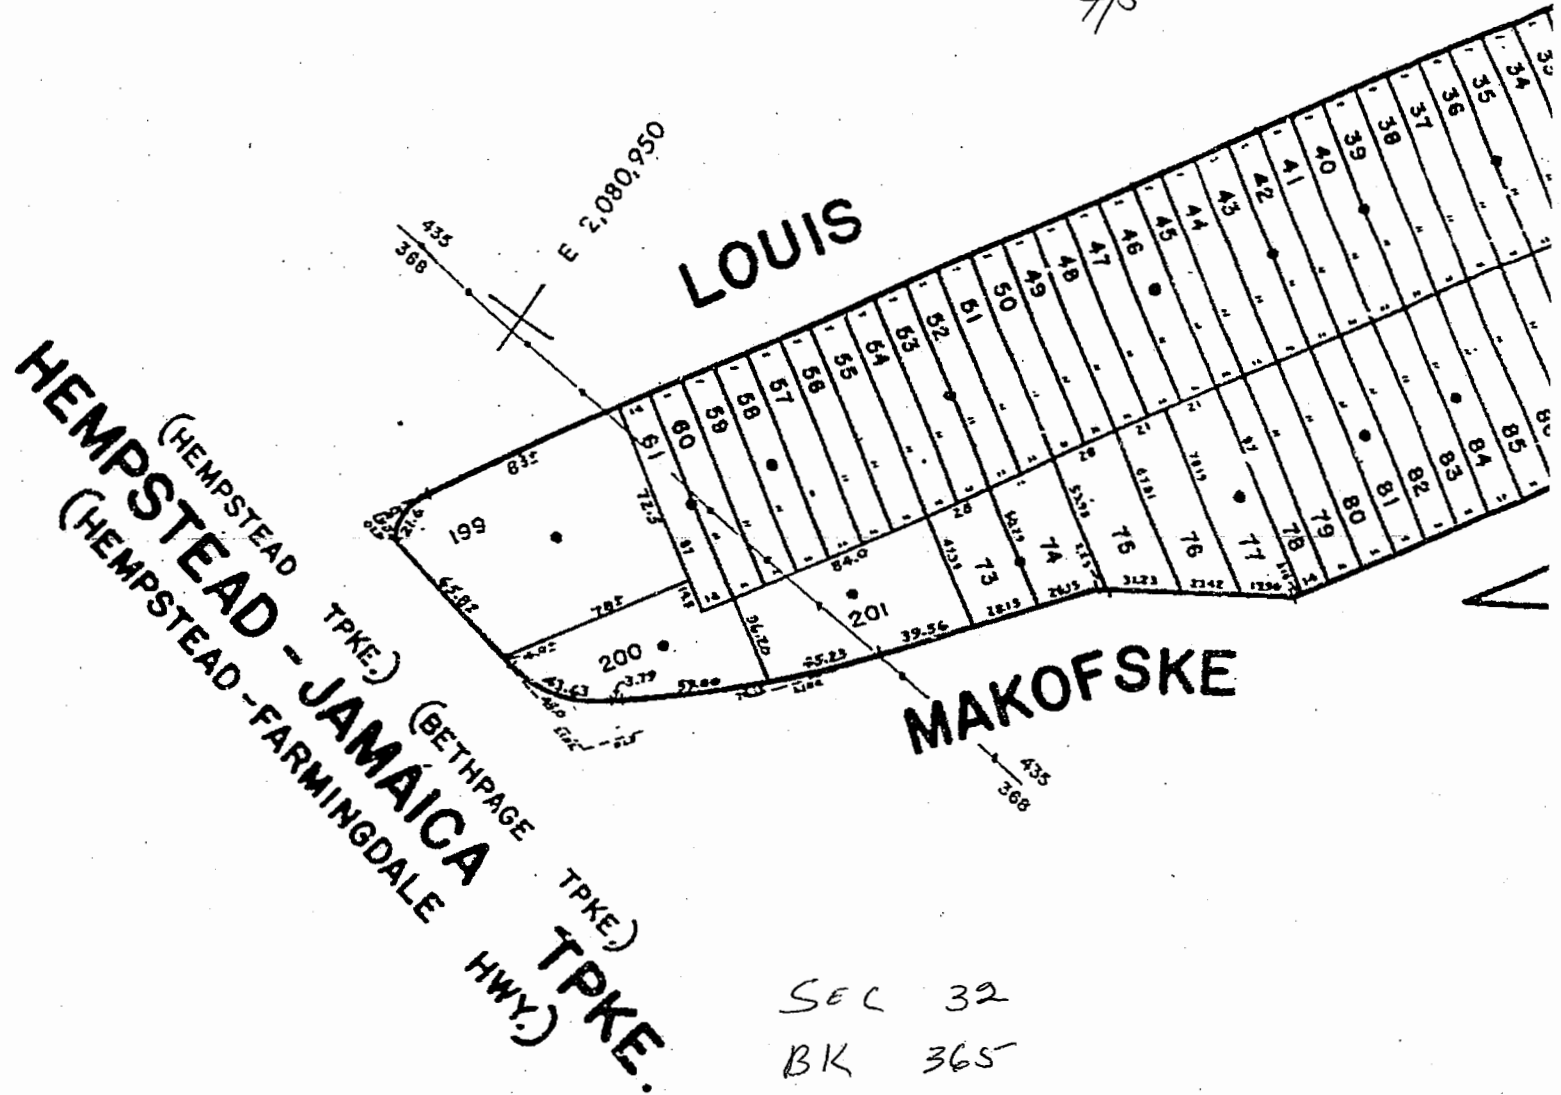

Field work will begin as soon as the application is approved and certainly within the 12 month requirement. Once remediation is completed, the Town will advertise property for sale to beneficial end user.
