

**WORK PLAN FOR REMEDIAL INVESTIGATION/ REMEDIAL ALTERNATIVES
REPORT ERP Site ID # E7-38-038 60/62 North Fifth Street, City of Fulton, New York**

ADDENDUM 1 Rev1

This Addendum amends and is made part of the Work Plan.

The Work Plan is amended as follows:

1. **Section 3.1 Key project personnel, Table 3-1 Key project personnel:** Please revise Ms. Comerford's Responsibilities column entry (Column 3, Row 3) to state... **"Ms. Comerford will represent NYSDOH in its review and oversight function and as arbiter on technical matters"**, thereby removing **"in its financial sponsorship"** from the original version.
2. **Section 3.2.3 Soil vapor investigation:** Please replace the sentence in paragraph 2 that states **"...Soil vapor probes will be installed at six locations along the perimeter of the site to a depth of 5 ft. bgs to prevent infiltration of outdoor air...."** with the following: **"Soil vapor probes will be installed at six locations along the perimeter of the site to a depth within approximately two feet of the top of the water table at each sampling location."**
3. **Section 3.2.4 Soil vapor investigation:** Please include the following sentence to paragraph 3, **"Soil vapor samples will be analyzed by methods that can achieve minimum reporting limits of 1 ug/m³, if possible, to allow for comparison of the results to background levels and/or guideline concentrations."**
4. **Section 3.3.1 Sampling rationale:** Please replace the second in sentence in the first paragraph, which states **"....The sample identifications, depths (if applicable) analytical parameters, and detailed sampling rationale are presented on Table 1....."** with the following: **".....The sample identifications, depths (if applicable) analytical parameters, and detailed sampling rationale are presented on Table 3-3....."**
5. **Section 3.3.1 Sampling rationale, Table 3-3 - Summary of samples and analysis rationale:** For Sample ID's SV-1 through SV-7, please revise the Analytical Parameters column in each by replacing **"....VOCs..."** with **"....VOCs, including BTEX and MTBE, via EPA Method TO-15..."**
