Re: Proposed Additional Off-Site Soil Gas Investigation  
Former Mimi Cleaners Site # V00306-3

Dear Mr. Williams:

The New York State Department of Environmental Conservation and the New York State Department of Health have reviewed the Mimi Cleaners "Soil Gas Sampling Results and Proposed Additional Off-Site Soil Gas Investigation" letter report dated September 7, 2006 (received 10/4/06) and find it acceptable. The proposed additional work is reflective of what was agreed upon in our previous discussions and therefore the work plan is approved.

Please inform me of the date the field work will begin. If you have any questions, please call me at (518) 402-9768.

Sincerely,

Robert Filkins
