Re: ARAMARK Uniform Services (VCP Site #V00665-7)
Periodic Review Report and Certification of Institutional Controls
Reporting Period: January 01, 2021 through December 31, 2025

File: 2979.002.001

Dear Ms. Cahill:

In accordance with the Site Management Plan (SMP), Barton & Loguidice, D.P.C. (B&L) has prepared the following Periodic Review Report (PRR) and Certification of Institutional Controls for the former ARAMARK Uniform Services property (Site) located at 3009 and 3117 Milton Avenue in Solvay, New York. The PRR covers the period of January 1, 2021 through December 31, 2025. The Site was remediated in accordance with the Voluntary Cleanup Agreement (VCA) Index #B7-0643-03-09, Site # V00665-7.

Certification of Engineering and Institutional Controls

The Site, depicted on **Figure 1**, is operating in accordance with the Site Management Plan (SMP) as certified in **Attachment A**. Items of note since submittal of the last PRR include:

- Change in Use Notification – The Department was notified on January 14, 2022 (**Attachment B**) that the Site is vacant, and Engineering Controls/vapor monitoring are not active. The Site remains vacant.
- B&L personnel, along with NYSDEC's Ms. Karen Cahill, conducted a site inspection on May 8, 2025 documenting the vacant Site conditions.

Karen Cahill
New York State Department of Environmental Conservation
January 30, 2026
Page 2

Summary and Conclusion

With the vacant status of the facility, the Site is operating in accordance with the institutional and engineering controls. It is assumed that PRR frequency will continue to be 5-years. Please contact me if you have any questions regarding the Periodic Review Report.

Sincerely,

BARTON & LOGUIDICE, D.P.C.

Periodic Review Report (PRR) Certification Statements

1. I certify by checking "YES" below that:

a) the Periodic Review report and all attachments were prepared under the direction of, and reviewed by, the party making the Engineering Control certification;

b) to the best of my knowledge and belief, the work and conclusions described in this certification are in accordance with the requirements of the site remedial program, and generally accepted engineering practices; and the information presented is accurate and complete.

YES NO

2. For each Engineering control listed in Box 4, I certify by checking "YES" below that all of the following statements are true:

(a) The Engineering Control(s) employed at this site is unchanged since the date that the Control was put in-place, or was last approved by the Department;

(b) nothing has occurred that would impair the ability of such Control, to protect public health and the environment;

(c) access to the site will continue to be provided to the Department, to evaluate the remedy, including access to evaluate the continued maintenance of this Control;

(d) nothing has occurred that would constitute a violation or failure to comply with the Site Management Plan for this Control; and

(e) if a financial assurance mechanism is required by the oversight document for the site, the mechanism remains valid and sufficient for its intended purpose established in the document.

* Per the PRR cover letter, the Department was notified on January 14, 2022 (see Attachment B) that the Site is vacant, and Engineering Controls/vapor monitoring are not active. YES NO

*

IF THE ANSWER TO QUESTION 2 IS NO, sign and date below and DO NOT COMPLETE THE REST OF THIS FORM. Otherwise continue.

A Corrective Measures Work Plan must be submitted along with this form to address these issues.

Re: ARAMARK Uniform Services (VCP Site #V00665)
3009 and 3117 Milton Avenue, Solvay, NY

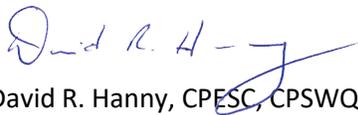

File: 1656.002.005

Dear Ms. Fitzgerald:

Barton & Loguidice (B&L) has been coordinating with the Department regarding sub-slab monitoring at the ARAMARK facility located at 3009 and 3117 Milton Avenue. The facility is no longer active and is not permanently staffed. Heating of the building has ceased to temperatures necessary to prevent frozen pipes. Given the change in use and lack of personnel present, ARAMARK does not intend to conduct future vapor monitoring. Considerations are being given to the future use of the building. As of now, the intent is that the building will remain vacant. The Department will be notified and the Site Management Excavation Work Plan will be implemented if the building is scheduled for demolition.

Please advise if any additional information or action is needed at this time.

Sincerely,
BARTON & LOGUIDICE, D.P.C.
