SECTION 3 – SERVICE AREA OF SOLID WASTE RECEIVED

<u>Please identify where the waste is coming from.</u> The total tons received reported below should equal the total tons received in Section 2 (Solid Waste Received). DO NOT REPORT IN CUBIC YARDS!

- If the waste **WAS** received from another solid waste management facility, please write in the name *and* <u>address</u> of the facility along with the appropriate state, county and planning unit/municipality.
- If the waste **WAS NOT** received from another solid waste management facility, please write in "**Direct Haul**" along with the appropriate state, county and planning unit/municipality where the waste was generated.

TRANSFER FACILITY

A transfer facility is a solid waste management facility where solid waste is received for the purpose of subsequent transfer to another solid waste management facility for further processing, treatment, transfer or disposal. Further information and a listing of the transfer facility are available online at https://www.dec.ny.gov/environmental-protection/waste-management/solid-waste-management-facilities/transfer-facilities.

If your facility is authorized to process construction and demolition debris you need to submit a Construction & Demolition Debris Handling and Recovery Facility Annual Report. If your facility is authorized to operate as a transfer facility <u>and</u> to process construction and demolition debris you must submit <u>both</u> annual reports.

If your facility is authorized to operate as a recyclables handling and recovery facility you need to submit a Recyclables Handling and Recovery Facility Annual Report instead of a Transfer Facility Annual Report. If your facility is authorized to operate as a transfer facility <u>and</u> a recyclables handling & recovery facility you must submit <u>both</u> annual reports.

Forms for all solid waste management facilities can be found at https://www.dec.ny.gov/environmental-protection/waste-management/solid-waste-management/solid-waste-management-facilities.

The protection waste-management and a brief description of each type of facility can be found at https://www.dec.ny.gov/environmental-protection/waste-management/solid-waste-management-facilities.

Annual Report

Submit the Annual Report no later than March 1, 2024.

Reporting of the information indicated on this Transfer Facility Annual Report form is required pursuant to 6 NYCRR Part 360.. Failure to provide the required information requested is a violation of Environmental Conservation Law. Timely submission of a properly completed form to the Department's Regional Office that has jurisdiction over your facility and to the Department's Central Office is required to meet the Annual Report requirements of 6 NYCRR Part 360.

Where the Annual Report requirements have been modified, appropriate Sections (as necessary to reflect the modification) must be completed and submitted with a copy of the Department's written notification which allows the modification.

Entries on the report forms should be either typewritten or neatly printed in black ink. Attach additional sheets if space on the pages is insufficient or supplementary information is required or appropriate.

SECTION 3 – SERVICE AREA OF SOLID WASTE RECEIVED

Identify the facility's service area by indicating the type of solid waste received, the Solid Waste Management facility (SWMF) from which it was received by your facility (or Direct Haul), the corresponding State/Country, the County/Province, and the NYS Planning Unit from which waste was received. **Refer to the list of NYS Planning Units that can be found at the end of this report.** The Total Tons Received reported below should equal the Total Tons Received in Section 2 (Solid Waste Received). DO NOT REPORT IN CUBIC YARDS!

Additional Service Area Guidance:

- 1) <u>Direct hauled from the generator of the waste</u>. In the case where the waste is hauled to your facility from the generator (i.e. hauled from residences, commercial establishments, etc.), "<u>Direct Haul</u>" is the appropriate response in Column 2 under "Service Area." Please report the tonnage by waste type and identify the state, county and planning unit where it was generated;
- 2) <u>Sent to your transfer facility from another solid waste management facility</u>. Waste may be sent to your transfer facility from another solid waste management facility. In this case, please report the tonnage by waste type from each sending solid waste management facility, as well as the sending facility's name, address, county, and the planning unit where the sending facility is located.

SECTION 5 – TRANSFER FACILITY RECYCLABLE & RECOVERED MATERIALS A. Service Area of Recyclable Material Received

Identify the facility's service area by indicating the type of material received, the Solid Waste Management facility (SWMF) from which it was received by your facility (or Direct Haul), the corresponding State/Country, the County/Province, the NYS Planning Unit from which waste was received. **Refer to the list of NYS Planning Units that can be found at the end of this report.** DO NOT REPORT IN CUBIC YARDS!

Additional Service Area Guidance:

- 1) <u>Direct hauled from the generator of the recyclables</u>. In the case where the recyclables are hauled to your transfer facility from the generator (i.e. hauled from residences, commercial establishments, etc.), "<u>Direct Haul</u>" would be the appropriate response in Column 2 under "Service Area". Please report the tonnage by material type and identify the state, county and planning unit where it was generated; or
- 2) <u>Sent to your transfer facility from another solid waste management facility</u>. Recyclables may be sent to your transfer facility from another solid waste management facility. In this case, please report the tonnage by material type from each sending solid waste management facility, as well as the sending facility's name, address, county, and the planning unit where the sending facility is located.
