TRANSFER FACILITY

A transfer facility is a solid waste management facility where solid waste is received for the purpose of subsequent transfer to another solid waste management facility for further processing, treatment, transfer or disposal. Further information and a listing of the transfer facility are available online at <https://www.dec.ny.gov/environmental-protection/waste-management/solid-waste-management-facilities/transfer-facilities>.

If your facility is authorized to process construction and demolition debris you need to submit a Construction & Demolition Debris Handling and Recovery Facility Annual Report. If your facility is authorized to operate as a transfer facility and to process construction and demolition debris you must submit both annual reports.

If your facility is authorized to operate as a recyclables handling and recovery facility you need to submit a Recyclables Handling and Recovery Facility Annual Report instead of a Transfer Facility Annual Report. If your facility is authorized to operate as a transfer facility and a recyclables handling & recovery facility you must submit both annual reports.

Forms for all solid waste management facilities can be found at <https://www.dec.ny.gov/environmental-protection/waste-management/solid-waste-management-facilities/forms> and a brief description of each type of facility can be found at <https://www.dec.ny.gov/environmental-protection/waste-management/solid-waste-management-facilities>.

Annual Report

Submit the Annual Report no later than March 1, 2024.

Reporting of the information indicated on this Transfer Facility Annual Report form is required pursuant to 6 NYCRR Part 360.. Failure to provide the required information requested is a violation of Environmental Conservation Law. Timely submission of a properly completed form to the Department's Regional Office that has jurisdiction over your facility and to the Department's Central Office is required to meet the Annual Report requirements of 6 NYCRR Part 360.

Where the Annual Report requirements have been modified, appropriate Sections (as necessary to reflect the modification) must be completed and submitted with a copy of the Department's written notification which allows the modification.

Entries on the report forms should be either typewritten or neatly printed in black ink. Attach additional sheets if space on the pages is insufficient or supplementary information is required or appropriate.
