Site Name: Long Island MacArthur Airport

February 2023

Site No. 152251 **Tax Map No.** 106-1-6.9, 87-1-31, 87-1-32.1, and 87-1-33

Site Location: 100 Arrival Avenue, Ronkonkoma, Suffolk County, 11779

State Superfund Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program is New York State's superfund program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on a map on the reverse side of this page, has been added to the Registry as a Class 02 site that presents a significant threat to public health and/or the environment for the following reason(s):

- Documented storage and use of firefighting foam containing Per- and Polyfluoroalkyl Substances (PFAS) at multiple locations on the airport property during operations and training.
- PFAS were detected in groundwater and soil at levels that exceed applicable standards, criteria and guidance.
- Significant levels of PFAS exist in groundwater and the site is upgradient of four public supply wells.
- Six private wells have been tested and alternate water supplies were offered to the property owners if PFOS or PFOA concentrations were above the State's drinking water standards.
- Additional investigation is recommended to further define the nature and extent of site-related contamination and to better understand potential exposure pathways.

DEC will keep you informed throughout the investigation and cleanup of the site.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the DEC Project Manager listed below.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/xtapps/derexternal/index.cfm?pageid=3

Site specific documents may be found online through the DECinfo Locator at:
