Site Name: Leica, Inc.

September 26, 2016

Site No.: 915156

Tax Map No.: 91.00-1-26.11 and 91.00-1-26.12

Site Location: Eggert and Sugar Roads, Cheektowaga, Erie County, 14215

Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). As of the date of this notice, the site identified above, and located on a map on the reverse side of this page, was reclassified on the Registry as a Class 4 site as it no longer presents a significant threat to public health and/or the environment for the following reason(s):

The site has been remediated in accordance with the 1997 Record of Decision and human exposures to contamination remaining at the site are being addressed through a deed restriction and site management plan as follows:

- **Soil:** A soil management plan is required to ensure that appropriate actions to reduce/eliminate exposures are taken in the event of future soil excavations. A restriction limits site use for commercial/industrial uses only.
- **Groundwater:** Use of groundwater at the site without appropriate water quality treatment is restricted. A recovery system to remove contaminated groundwater is in operation.
- **Soil Vapor:** Operation, maintenance and monitoring of the current and any future sub-slab depressurization systems, or similar systems. In addition, a soil vapor intrusion evaluation will be completed for any buildings developed on the site and appropriate actions implemented to address exposures, if necessary.

Periodic reviews will be completed to certify that these controls are maintained and remain effective.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

Receive Site Updates by Email

Have site information such as this public notice sent right to your email inbox. DEC invites you to sign up with one or more contaminated sites county email listservs available at the following web page:

www.dec.ny.gov/chemical/61092.html. It's *quick*, it's *free*, and it will help keep you *better informed*.

As a listserv member, you will periodically receive site-related information/announcements for all contaminated sites in the county(ies) you select.

You may continue also to receive paper copies of site information for a time after you sign up with a county listserv, until the transition to electronic distribution is complete.

Note: Please disregard if you received this notice by way of a county email listserv.

DEC is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires DEC to notify all parties on the contact list for this site of this recent action.
