**PROPOSED RMU-2 LANDFILL
RADIO ANNOUNCEMENT**

The New York State Department of Environmental Conservation (DEC) has reviewed applications from CWM Chemical Services, L.L.C., known as CWM, to construct and operate a new landfill, known as RMU-2, and other units for the storage, treatment and disposal of hazardous and industrial non-hazardous waste at their facility located in Model City, NY. DEC has also reviewed a CWM Draft Environmental Impact Statement (DEIS) and prepared the necessary Draft Permits for the proposed landfill and associated units.

Public statement hearing sessions to receive unsworn comments from the public regarding the pending certificate and permit applications, the draft permits, and the DEIS will be held at 1:00 P.M. and 6:30 P.M. on July 16, 2014 at the Lewiston-Porter High School, 4061 Creek Road, Youngstown, NY 14174.

All persons, organizations, corporations, or government agencies who may be affected by the proposal are invited to attend the hearing and to submit oral or written comments. The administrative law judge may limit the time available for oral comments to ensure that all persons have an opportunity to be heard.

Copies of a DEC Fact Sheet, the CWM applications, the DEIS and the draft permit documents are available through the DEC website at www.dec.ny.gov/chemical/9075.html, or by visiting any one of the following locations:

The DEC Region 9 Office in Buffalo;
The Youngstown Free Library in Youngstown; or
The Porter Town Hall in Youngstown.

Further information may be obtained by calling Mark Passuite from the DEC Region 9 Office in Buffalo at 716-851-7165.
