Subject: CWM Landfill Expansion Proposal
Attachments: image001.jpg

Dear Mr. McClymonds,

I am writing as a resident and minister in the beautiful town of Porter, NY on behalf of my own family and our church ministry, in order to address the proposed expansion of CWM. We want to express with simple clarity that we are categorically opposed to any such expansion proposal. We do not find anything to be gained by receiving any further hazardous or non-hazardous waste in our community.

Despite the arguments for increased economic activity, we maintain that such potential is simply not worth the cost of further endangering the health of our families or polluting the environment of our beautiful region. For the welfare of our families, the health of our residents, and the natural beauty of our region we humbly ask that this proposal be rejected in its entirety without further consideration.

Thank you for representing common sense policies on behalf of the citizens of Niagara County.

John Woodhouse
Lead Pastor

Subject: CWM Hazardous Waste Landfill

Please DO NOT ALLOW CWM to build an additional site for storage of hazardous waste. This storage site is not necessary and could negatively affect our natural environment.

RWMUNIT2 CWM - CWM PLANS

From: [REDACTED]
To: <CWMMU2@gw.dec.state.ny.us>
Date: 6/10/2014 6:13 PM
Subject: CWM PLANS

UNDER NO CIRCUMSTANCES SHOULD THERE BE ANY EXPANSION OF THEIR DUMPING TOXIC CHEMICALS OR ANY OTHER HAZARDOUS WASTE. WE HAVE TAKEN MORE THAN OUR SHARE.

ENOUGH IS ENOUGH! AND ANY POLITICIAN WHO SUPPORTS SUCH AN EXPANSION, WILL HAVE TO ANSWER FOR THAT.

NO! NO! NO!

From: Rex Stewart [REDACTED]

Date: 6/10/2014 5:27 PM
Subject: I am against CWM's expansion plans

Count me among the hundreds if not thousands who feel we've taken way more toxic waste than we should have already in this beautiful, yet environmentally fragile area! Enough is enough! No more. DENY CWM expansion application.
The Rev. Dr. Rex T. Stewart
Pastor,
First Presbyterian Church, Youngstown, NY

Subject: dump in Lewsiton

We do not need anymore waste brought to this area. We already have dump in NF and one in Lewiston-take elsewhere.

James T. McClymonds,

I bitterly oppose the expansion of the hazardous waste landfill request from the CMW
chemicalservices,inc.

TO: James T. McClymonds

Subject: CWM landfill

Our area has more than done it's share in chemical waste storage. I worked there , 42 years ago and it was terrible then. I am sure that there is chemical leaching going to the surrounding area of the current landfill.

Enough is enough, take this material to another state or country.

Thank you,

Dan Venuto

Date: 6/27/2014 12:53 AM

Dear Judge McClymonds

Please no more expansion for the landfills at CWM. This is the worst area that could be chosen for these activities due to all the fresh water near by.

Louis and Melody Chabue

No!! to this new hazardous waste site in Lewiston/Porter! Niagara County is already viewed as one of the state's largest poison dumping grounds. No more!

RWMUNIT2 CWM - toxic waste

From: "Ed Ceccato" [REDACTED]
To: <CWMRMU2@gw.dec.state.ny.us>
Date: 6/29/2014 11:55 AM
Subject: toxic waste

Please no more waste dumps in Lewiston-Porter. We have had more than enough of our share of cases of cancer. DO MORE WASTE DUMPS !!!!!!!

Thank you,
Edward J. Ceccato

RWMUNIT2 CWM - CWM CHEMICAL APPLICATION, LEWISTON-PORTER, NY

From: Jacquie Lodico [REDACTED]
To: <CWMRMU2@GW.DEC.STATE.NY.US>
Date: 6/30/2014 4:46 PM
Subject: CWM CHEMICAL APPLICATION, LEWISTON-PORTER, NY

Dear Sir,

I am writing to you today regarding the CWM Chemical application to the NYS Dept. of Environmental Conservation to create an unneeded new toxic waste and PBC landfill at it's present facility in the Towns of Lewiston and Porter, New York.

I would like to go on record as being vehemently opposed to another toxic landfill in a county already drowning in toxic waste and PCB's. I appeal to you on a number of levels. I am a mother and grandmother who has already experienced the flight of three children and five grandchildren to healthier communities in the United States. Each son fled because he feared for the health of his family in Niagara County. Statistics confirm double the amount of childhood cancers in our school district compared to the rest of the state. They were deeply concerned with the testicular cancer rate in our locale, the highest in NYS.

I also am concerned with our water supply since CWM has sustained numerous fines by regulators for improper discharges of PCB and chemicals into our beautiful Niagara River, which floes into Lake Ontario, a source of drinking water for 40 million people.

I live on a route most frequently used by the hundreds of trucks going to CWM. It is impossible for me to open my windows, sit on my porch or take a walk, because of the yellowish grit blowing off of the those speeding trucks. The black car parked in my drive way is always coated with a yellow blanket. Yuck! But never mind the air pollution. There is a distinct possibility that their route in front of Lewiston-Porter schools could end in a fatality. We do not need more trucks.

I am too old to move, but I am not too old to beg and plead, scream and holler.....I AM OPPOSED TO THE PROPOSED CWM EXPANSION.

Very truly yours,

Mary J. Lodico

RWMUNIT2 CWM - CWM Landfill in Lewiston, NY

From: [REDACTED]
To: <CWMRMU2@gw.dec.state.ny.us>

Subject: CWM Landfill in Lewiston, NY

I would like to voice my concern and objection to ANY MORE development or expansion of the CWM Landfill in our area. Just ask yourself this question: how would I feel if this were in my neighborhood? I'm not a mind reader but common sense tells me you wouldn't want it either. There is the concern of increased cancer risks, leaking, the endless trucks carrying toxic waste up and down the escarpment, to name a few.

This is a beautiful area, which is one of the reasons we moved here. When you drive up or down the escarpment, you can see the Niagara gorge and river, Lake Ontario, and on a clear day, Toronto across the lake. The spectacular falls are 15 minutes away and this little jewel of a town in western New York, should be known for it's tourism and beauty-NOT FOR ONE OF THE MOST TOXIC WASTE DUMPS IN THE U.S.

Thank you.
