Dear Judge McClymonds,

Regarding the proposed expansion of CWM Chemical Services, LLC., I wish to express my full support. As an area resident and taxpayer, I support local industry that provides a positive influence on our area. CWM is a great example of this through their donations to charities and support of our local towns and schools. CWM provides jobs through direct employment of local people in the community and contracting with local companies that support their operations. CWM provides a positive influence on the environment by disposing and treating hazardous material in a safe and effective manner. This process is heavily regulated and monitored for the protection of myself, my community, and my environment.

They are a leader in their field and deserve our government's support. I respectfully request that this project receive your full backing so that our local economy can continue to grow and thrive.

Thank you for your time and consideration.

Sincerely,

(Michael W Peterson)
