HEARINGS AND MEDIATION SERVICES

Dear Judge McClymonds,

I am in favor of the expansion of CWM Chemical Services, LLC.

It is a matter that is close to me, as I have a connection to an employee of the site.

We hear many negatives and much misinformation on this issue.
Please be aware of some truths:

- This site employs hard-working people who are very conscious and respectful of the environment.
- These employees live in the area. They raise their families here. They contribute their time and talent to local organizations/clubs/churches...
- They have a right to work and make a living at a legitimate, revenue generating, tax-paying facility.
- If there was not a "NEED" for an expansion of this facility, Waste Management would not be looking to invest a significant amount of money to continue operations here.

Hopefully, Judge McClymonds, you are passing along these comments to the Siting Board. We want them aware that there are many of us counting on the continuing of operations here, so we may continue to productive members of this community.

Thank you!

HEARINGS AND MEDIATION SERVICES

Dear Judge McClymonds,

I am with a hauling company that works directly with CWM Chemical Services, and I support the expansion effort.

Tri-State Transfer Associates Inc. is a WBE company and hazardous waste transporter servicing the metropolitan New York area. CWM is an integral part of our business and many of our customers request CWM as their preferred disposal facility.

Many people do not understand the dynamics of a hazardous waste facility or just how many jobs the facility impacts. The hauling company I work for would be negatively affected if the facility were not able to continue operations.

Hopefully, you Judge McClymonds, and the Sitting Board will take into consideration all aspect of this expansion, especially the role that CWM plays in the economics of the area, the need for a safe disposal option and the numerous jobs from the facility and hauling companies that would be impacted.

Sincerely,

Re: File 54809

Dear Ms. Byrne:

On behalf of New York State Department of Economic Development, Division of Minority and Women's Business Development (DMWBD) has completed its review of your application for state certification as a Women-Owned Business Enterprise and has determined that your firm meets eligibility requirements for certification, pursuant to Executive Law, Article 15-A.

We are pleased to inform you that the firm of **Tri State Transfer Associates, Inc.** has been granted status as a **Women-Owned Business Enterprise**. Your business will be listed in the State's Directory of certified businesses with the following list of principal products or services:

324 – Hazardous Waste Disposal
2019 – Waste Management Material Supplier

1072 – Asbestos Abatement & Compliance

Certification status is not intended to imply that the State of New York guarantees your company's capability to perform on state contracts, nor does it imply that your company is guaranteed any state business.

Be advised that your certification **expires 3 years from the date of this letter** or unless you are contacted by the Division of Minority and Women's Business Development for recertification. Please remember that any changes in your company that affect ownership, managerial and/or operational control, must be reported to DMWBD within thirty (30) days of such changes; including changes to company name, business address, telephone numbers, principal products/services, and bonding capacity. At such time as it is necessary for your company to be recertified, you will be notified by DMWBD.

If your certification is questioned by any public or private entity, please direct the inquiry to DMWBD for clarification.

Thank you for your cooperation. On behalf of the State of New York, I wish you luck in your business endeavors, particularly those involving state agencies.

Sincerely,

Scott Munson
Associate Certification Analyst

Dear Judge McClymonds and the Siting Board,

I am a Waste Management employee, residing in New York State and I am in favor of the expansion effort of our CWM Chemical Services, Model City facility.

Waste Management is a company committed to offering safe, reliable disposal of waste.

Without this expansion, New York State will be without a hazardous waste disposal facility, sending our customers (and their revenue) out of state for this service. We take pride in our reputation in the waste industry and our commitment to safety and our pledge to being stewards of our environment.

This is an issue that affects all of us in New York State, please give this matter thoughtful consideration and swift resolution.

Thank you,
