

PESTICIDE BUSINESS REGISTRATION APPLICATION

Each business location offering, advertising or providing the services of commercial application of pesticides either entirely or as part of the business must register with the Department of Environmental Conservation. **Government agencies, school districts, colleges, or utility companies should use the Pesticide Agency Registration Application.**

Businesses must register each location with a separate application and pay the registration fee for each place of business. Businesses offering, advertising or providing the services of commercial application of pesticides under more than one business name must register and pay the registration fee for each business name at each place of business. However, businesses may list more than one assumed name (DBA or AKA) on a single registration application.

The registration expiration date is determined by the DEC Region and/or county in which a business is located. Fees will not be prorated for any part of a registration period. The registration period is for three years. To determine your Region, see <https://www.dec.ny.gov/about/76070.html>
