SUPPORTING DOCUMENTATION

This information will be reviewed to determine if approval of the non-conforming spacing unit or variance will satisfy the policy objectives of Article 23, Title 3, of the Environmental Conservation Law.

The following materials are enclosed. (Check all that apply; items 1 and 2 are required for all applications. Items 3-7 are required for all applications except when the applicant is the State of New York, a State agency or a local agency).

1. Copy of the Application for Permit to Drill, Deepen, Plug Back or Convert a Well submitted to the regional office.
2. Copy of the plat included with the Application for Permit to Drill, Deepen, Plug Back or Convert a Well.
3. Map(s) drawn to an appropriate scale that clearly and legibly show(s) the following:
 - Proposed spacing unit and well location.
 - Size of spacing unit in acres, carried out to two decimals.
 - Boundaries of each tract of land wholly or partially within the spacing unit. Identify each tract with name and Tax ID number.
 - For a non-conforming spacing unit, all information listed on the Applicant's Checklist for a Spacing Unit Map located at www.dec.ny.gov/energy/1587.html.
 - For a variance from 6 NYCRR Part 553.1, any well producing from the same field/pool located less than 1,320 feet from the proposed well.
 - For a variance from 6 NYCRR Part 553.1, scaled distance in feet from the proposed well to each uncontrolled tract within 660 feet of the proposed well.
 - Structural contours of target formation, pay thickness contours, faults, water contact and/or other areal or interpretive depiction which illustrates geologic conditions, if any, that result in the need for a non-conforming unit or variance (required if Item 6 is checked).
4. Complete names and mailing addresses of uncontrolled owners within the proposed spacing unit (required only for an application for a variance from 553.1).
5. Complete names and mailing addresses of uncontrolled owners within the proposed spacing unit, and scaled distance to the proposed well from any uncontrolled tract within 660 feet of the proposed well (required only for an application for a variance from 553.1).
6. Geological, geophysical and/or reservoir engineering information which supports the proposal.
 - Check here if the support includes a previously issued spacing order in the same field.
 - Order No. and Date: _____
 - Check here if the support includes FERC Order 280 designating the Queenston as a tight formation (acceptable only for the following counties: Allegany, Cayuga, Erie, Genesee, Livingston, Ontario, Seneca, Wyoming, Yates).
 - Check here if an adjustment of allowable production is proposed. Technical justification must be provided. State the proposed allowable production: _____
7. Name, address and experience of any expert witness proposed to support the proposal if a hearing is necessary.

Additional documentation required only if the applicant is the State of New York, a State agency, or a local agency.
8. Description of the applicant's status as an agency of the State of New York or as a local agency, board, authority, school district, commission or governing body, including any county, town, city, village, or other subdivision of this State.
9. A certified excerpt from the minutes of the applicant's governing body stating that drilling of the well is economically justifiable and that the gas produced will be for the applicant's exclusive use.
10. Resolution or guarantee from the applicant's governing body as a form of financial security guaranteeing that adequate funds will be available for performance of well plugging and reclamation activities.
