

State Pollutant Discharge Elimination System (SPDES)
 Application Supplement B
DISCHARGES WITHIN SOLE SOURCE AQUIFERS

Facility Name:	SPDES Number: NY
----------------	---------------------

Your facility may be located in a sole source aquifer area, which is an area designated by Federal or State statutes. Maps showing the designated sole source areas can be found on the internet at: <https://www.epa.gov/dwssa/map-sole-source-aquifer-locations>

Chapter 663 of the Laws of 1983 added Section 17-0828 to the Environmental Conservation Law which requires that any person seeking a SPDES permit or a renewal hereunder, within an area designated pursuant to any federal or state statute as a sole source aquifer, shall include as a part of the required information, the name and address of all public water purveyors with a service area or portion thereof located within a three mile radius of the applicant's facility.

For purposes of this section "public water purveyor" shall mean any person, partnership, public or private corporation, municipality, or public authority which sells water derived from a sole source aquifer to at least five service connections or at least twenty-five individuals.

1. Water Purveyors within a three mile radius of your facility:
