Re: Greenpoint Energy Center – Article 19 Air State Facility Permit Application
287 Maspeth Avenue, Brooklyn, NY 11211
Application ID: 2-6101-00071/00024

Dear Ms. Nichols:

Although National Grid disagrees with the analysis conducted by PA Consulting Group, Inc. regarding the required in-service date for the Vaporizer 13/14 Project at the Greenpoint Energy Center (concluding the project is likely required by winter 2028/29), and the subsequent Order issued by the Public Service Commission, The Brooklyn Union Gas Company d/b/a National Grid NY is withdrawing the above-referenced permit application at this time. We will resubmit the application at some point in the future. Please let me know if there is anything further you need from us to formally withdraw the application.

We appreciate the Department's time and assistance throughout the permitting process. If you have any questions, please contact me.

Very truly yours,

A handwritten signature in blue ink that reads "Cathy Waxman". The signature is written in a cursive, flowing style.
