

Jessup River Wild Forest - Watch Hill Trails

Watch Hill Trail can either be accessed from the Watch Hill parking area or from the Snowy Mountain trailhead parking area, which is about 1 mile to the north. There are two scenic lookouts on the trail. The first is reached after about 1 mile and provides a nice view of Griffin Brook Slide on Snowy Mountain to the west. The trail then continues about 0.1 miles to another open ledge that provides partial views of Indian Lake. This trail is open to hikers, horseback riders, and cross-country skiers.
