**DECLARATION OF COVENANTS, RESTRICTIONS  
AND ENVIRONMENTAL EASEMENT**

This Declaration of Covenants, Restrictions and Environmental Easement is made this 1<sup>ST</sup> day of MARCH, 2016 by and between JCI Jones Chemicals, Inc., a corporation organized and existing under the laws of the State of New York, having its principal office at 1765 Ringling Boulevard, Sarasota, Florida 34236 ("Grantor"), and the People of the State of New York acting through their Commissioner of the New York State Department of Environmental Conservation with its Central Office, located at 625 Broadway, Albany, New York 12233 ("Grantee").

WITNESSETH:

WHEREAS, Grantor is the owner of a parcel of land located in the North Side of Iroquois Road with an address of 100 Sunny Sol Boulevard in the Village of Caledonia, County of Livingston, State of New York, which is the location of the Jones Chemicals, Inc. Superfund Site ("the Site"), which includes the JCI Jones Chemicals, Inc. plant, located on a tract of land containing more or less forty-two (41.557) acres, more particularly described on Exhibit A and depicted on Exhibit B, both attached hereto and made a part hereof, together with any buildings and improvements thereon and appurtenances thereto, which the United States Environmental Protection Agency ("EPA"), pursuant to Section 105 of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. § 9605, placed on the National Priorities List, as set forth in Appendix B of the National Oil and Hazardous Substances Pollution Contingency Plan ("NCP"), 40 C.F.R. Part 300, by publication in the Federal Register on February 21, 1990; and

WHEREAS, in a Record of Decision dated September 27, 2000 ("ROD"), EPA selected, and the New York State Department of Environmental Conservation ("NYSDEC") concurred with, a remedial action for the Site pursuant to CERCLA, which provided for, among other things, treatment of soils, in an area known as the Former Solvent Tank Source Area, exceeding New York State soil cleanup objectives by in-situ soil vapor extraction; extraction of contaminated groundwater in the Former Solvent Tank Source Area utilizing a network of recovery wells in the overburden and bedrock aquifers; treatment of the extracted groundwater with the existing air stripper, which allows for the utilization of the treated water as noncontact cooling water within the Jones plant, and discharge of the noncontact cooling water to the on-Site lagoons until groundwater standards in the Former Solvent Tank Source Area are achieved; in-situ treatment of the dense non-aqueous phase liquid in the aquifer underlying the Former Solvent Tank Source Area with an oxidizing agent; continued extraction and treatment of contaminated groundwater from the North Well; discontinued pumping from the West Well to eliminate the potential to draw contaminants to deeper water-bearing zones; monitored natural attenuation of the contaminated groundwater located outside the Former Solvent Tank Source Area and beyond the influence of the North Well; and institutional controls to limit future on-Site groundwater use to non-potable purposes until groundwater cleanup standards are achieved, and to restrict pumping activity in an area of the Site which could affect the deep water-bearing zones at the Site; and

WHEREAS, JCI Jones Chemicals, Inc. constructed and operated an in-situ vapor extraction system to address the contaminated soil and an air stripper to address the contaminated groundwater and injected an oxidizing agent to address the dense non-aqueous phase liquid in the aquifer underlying the Former Solvent Tank Source Area as part of the CERCLA remedial action selected for the Site (the "In-situ Soil Vapor Extraction System"); and

WHEREAS, JCI Jones Chemicals Inc. installed a soil vapor mitigation system placed in the office space on the Site; and

WHEREAS, the parties hereto have agreed that Grantor shall grant to the Grantee a permanent Environmental Easement pursuant to Article 71, Title 36 of the NYS Environmental Conservation Law, covenant with respect to the restrictions on the use of the Site including the use of the groundwater for potable purposes, and provide a right of access to the Site in favor of Grantee and EPA, all of which shall run with the land, for purposes of implementing, facilitating and monitoring the CERCLA response action in order to protect human health and the environment; and

WHEREAS, Grantor wishes to cooperate fully with the Grantee in the implementation of all response actions at the Site.

NOW, THEREFORE:

1. Grant: Grantor, on behalf of itself, its successors and assigns, for ten dollars and other good and valuable consideration, receipt whereof is hereby acknowledged, does hereby give, grant, covenant and declare in favor of the Grantee that the Site shall be subject to this Declaration of Covenants, Restrictions and Environmental Easement, and Grantor does further give, grant and convey to the Grantee the perpetual right to enforce said restrictions, covenants, right of access and Declaration of Covenants, Restrictions and Environmental Easement, all of which shall be of the nature and character, and for the purposes hereinafter set forth, with respect to the Site.
2. Purpose: It is the purpose of this instrument to convey to the Grantee real property rights, which will run with the land, facilitate the remediation of past environmental contamination and to impose use restrictions and covenants to protect human health and the environment by reducing the risk of exposure to contaminants.
3. Restrictions on Use; Maintenance of Remedy; and Periodic Certifications of Compliance:
  - a) Institutional Controls. The following restrictions apply to the use of the Site, as provided below, run with the land and are binding on the Grantor and its successors in title and assigns:
    - i. Groundwater wells for drinking water shall not be installed or used on any portion of the Site.
    - ii. Evaluation of the vapor intrusion pathway and mitigation, if necessary, for any of the existing, Site structures intended for human occupancy or habitation or any new construction that occurs at the Site.
    - iii. The Site shall not be used for "Residential Use" and "Restricted-Residential Use" as defined by NYSDEC Regulations – 6 NYCRR

Part 375 – 1.8(g)(2)(i) and (ii), until the remedy described therein is implemented. The Grantor avers that the ROD has been implemented and the DEC has verified that the ROD has been implemented. Allowable uses include “Commercial Use” and “Industrial Use” as defined in NYSDEC Regulations – 6 NYCRR Part 375 – 1.8(g)(2)(iii) and (iv).

- b) Grantor, for itself and its successors and assigns, covenants and agrees to keep in good repair and maintain the following:
    - i. Existing Fencing surrounding the Site;
    - ii. Groundwater production wells;
    - iii. Monitoring well network.
    - iv. Soil vapor mitigation system placed in the office space on the Site;
  - c) **Periodic Certification.** Grantor, for itself and its successors and assigns, covenants and agrees that it shall, upon request by Grantee or EPA, certify to Grantee and to EPA that it is in compliance with the current Site Management Plan for the Site (a copy of which is available from Grantee at the address provided in Section 15, below and electronically at the Grantee’s website currently [www.dec.ny.gov](http://www.dec.ny.gov); that the Institutional Controls for the Site are in place and have not been violated since the date of the previous certification; that it is in compliance with its covenant to keep in good repair and maintain the remedial controls noted in 3b, above.
4. Modification or termination of restrictions and covenants: The restrictions, covenants and agreements specified in the preceding paragraph of this instrument may only be modified or terminated, in whole or in part, in writing, by the Grantee, provided, however, that any modification or termination of said restrictions shall not adversely affect the remedy selected by EPA and NYSDEC for the Site. If requested by the Grantor, such writing will be executed by Grantee in recordable form. Any request by Grantor for a modification or termination of this instrument shall be made, not less than thirty (30) days in advance of any modification or termination, in writing by Grantor to NYSDEC and to EPA in accordance with paragraph 15 of this instrument.
5. Right of access: Grantors hereby convey to Grantee and to EPA a right of access to the Site at all reasonable times for the following purposes, which right of access shall run with the land and be binding on Grantor, its successors and /or assigns, and on any tenants or any other parties having an interest and/or rights to any portion of the Site:
- a) Implementing the response actions selected in the ROD.
  - b) Verifying any data or information relating to the Site;
  - c) Verifying that no action is being taken at the Site in violation of the terms of this instrument or of any federal or state environmental laws or regulations;
  - d) Conducting investigations under CERCLA relating to contamination on or near the Site, including, without limitation, sampling of air, water, sediments, soils; and
  - e) Implementing additional or new response actions under CERCLA.

- 
6. Reserved rights of Grantor: Grantor hereby reserves unto itself, its successors, and assigns, all rights and privileges in and to the use of the Site which are not incompatible with the restrictions, rights, covenants and easements granted herein.
  7. Federal authority: Nothing in this document shall limit or otherwise affect EPA's rights of entry and access or EPA's authority to take response actions under CERCLA, the NCP, or other federal law.
  8. State authority: Nothing herein shall constitute a waiver of any rights the State may have pursuant to the Environmental Conservation Law, regulations and/or relevant provisions of statutory or common law.
  9. No public access and use: No right of access or use by the general public to any portion of the Site is conveyed by this instrument.
  10. Public notice: Grantor, on behalf of itself, its successors and assigns, agrees to include in each instrument conveying any interest in any portion of the Site, including but not limited to deeds, leases and mortgages, a notice which is in substantially the following form:

**NOTICE: THE INTEREST CONVEYED HEREBY IS SUBJECT TO A DECLARATION OF COVENANTS, RESTRICTIONS AND ENVIRONMENTAL EASEMENT, DATED \_\_\_\_\_, 20 \_\_, RECORDED IN THE \_\_\_\_\_ COUNTY CLERK'S OFFICE ON \_\_\_\_\_, 20 \_\_, IN BOOK \_\_\_\_\_, PAGE \_\_\_\_\_, IN FAVOR OF, AND ENFORCEABLE BY, THE PEOPLE OF THE STATE OF NEW YORK AND BY THE UNITED STATES OF AMERICA AS THIRD-PARTY BENEFICIARY.**

Within thirty (30) days of the date any such instrument of conveyance is executed, Grantor agrees to provide Grantee and EPA with a certified true copy of said instrument and, if it has been recorded in the public land records, its recording reference.

11. Enforcement: The Grantee shall be entitled to enforce the terms of this instrument by resort to specific performance. All remedies available hereunder shall be in addition to any and all other remedies at law or in equity, including CERCLA. Any forbearance, delay or omission to exercise Grantee's rights under this instrument in the event of a breach of any term of this instrument shall not be deemed to be a waiver by the Grantee of such term or of any of the rights of the Grantee under this instrument.
12. Damages: Grantee shall also be entitled to recover damages for breach of any covenant or violation of the terms of this instrument including any impairment to the remedial action that increases the cost of the selected response action for the Site as a result of such breach or violation.
13. Waiver of certain defenses: Grantor hereby waives any defense of laches, estoppel, or prescription.

- 14. Covenants: Grantor hereby covenants that the Grantor is lawfully seized in fee simple of the real property at the Site, that the Grantor has a good and lawful right and power to sell and convey it or any interest therein and that the Site is free and clear of encumbrances.
- 15. Notices: Any notice, demand, request, consent, approval, or communication under this instrument that either party desires or is required to give to the other shall be in writing and shall either be served personally or sent by first class mail, postage prepaid, addressed as follows:

16. General provisions:

- a) Controlling law: The interpretation and performance of this instrument shall, with respect to the Declaration of Covenants, Restrictions and Environmental Easement, be governed by the laws of the State of New York, and with respect to other matters, shall be governed by the laws of the United States or, if there are no applicable federal laws, by the law of the State of New York.

- 
- b) Liberal construction: Any general rule of construction to the contrary notwithstanding, this instrument shall be liberally construed in favor of the grant to effect the purpose of this instrument and the policy and purpose of CERCLA. If any provision of this instrument is found to be ambiguous, an interpretation consistent with the purpose of this instrument that would render the provision valid shall be favored over any interpretation that would render it invalid.
- c) Severability: If any provision of this instrument, or the application of it to any person or circumstance, is found to be invalid, the remainder of the provisions of this instrument, or the application of such provisions to persons or circumstances other than those to which it is found to be invalid, as the case may be, shall not be affected thereby.
- d) No forfeiture: Nothing contained herein will result in a forfeiture or reversion of Grantors' title in any respect.
- e) Joint obligation: If there are two or more parties identified as Grantor herein, the obligations imposed by this instrument upon them shall be joint and several.
- f) Successors: The covenants, easements, terms, conditions, and restrictions of this instrument shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running in perpetuity with the real property at the Site. The term "Grantor", wherever used herein, and any pronouns used in place thereof, shall include the persons and/or entities named at the beginning of this document, identified as "Grantor" and their personal representatives, heirs, successors, and assigns. The term "Grantee", wherever used herein, and any pronouns used in place thereof, shall mean the People of the State of New York acting through their Commissioner of NYSDEC or through any successor department or agency of the State of New York.
- g) Captions: The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.
- h) Counterparts: The parties may execute this instrument in two or more counterparts, which shall, in the aggregate, be signed by both parties; each counterpart shall be deemed an original instrument as against any party who has signed it. In the event of any disparity between the counterparts produced, the recorded counterpart shall be controlling.
- i) Third-Party Beneficiary: Grantor and Grantee hereby agree that the United States, through EPA, shall be, on behalf of the public, a third-party beneficiary of the benefits, rights and obligations conveyed to Grantee in this instrument; provided that nothing in this instrument shall be construed to create any obligations on the part of EPA.

TO HAVE AND TO HOLD unto the Grantee and its assigns forever.

IN WITNESS WHEREOF, Grantor has caused this instrument to be signed in its name.

Executed this 22 day of February, 2016.
