**Site Location:** 537 East Delavan, City of Buffalo, 14211

**July 6, 2016**

### Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). As of the date of this notice, the site identified above, and located on a map on the reverse side of this page, was reclassified on the Registry as a Class 2 site that presents a significant threat to public health and/or the environment for the following reason(s):

The site consists of a large vacant former manufacturing facility and paved parking lot, with residences along the eastern boundary and others along the south and west. Several investigation and remediation activities have been completed over the years to address pockets of contamination on the site. The United States Environmental Protection Agency conducted a removal action in 2009 to address asbestos and items containing polychlorinated biphenyls (PCBs) and mercury. The results of sampling conducted in 2015 performed in advance of proposed development of the site and the surrounding area indicated areas of solvent and petroleum contamination that need further investigation. Soil vapor from these contaminants could impact on-site buildings and potentially could impact off-site residences. Further actions are needed to identify and address the nature and extent of site-related contamination and any current or potential human exposures.

**If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.**

#### FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

[www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3](http://www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3)

Comments and questions are always welcome and should be directed as follows:

DEC is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires DEC to notify all parties on the contact list for this site of this recent action.

## Approximate Site Location

Vibrattech Inc.

Site ID: 915165

537 East Delavan

City of Buffalo, Erie County

### Receive Site Updates by Email

You can have site information such as this public notice sent right to your email inbox. DEC invites you to sign up for more information using the tool at the following web page: [www.dec.ny.gov/chemical/61092.html](http://www.dec.ny.gov/chemical/61092.html) . It's *quick*, it's *free*, and it will help keep you *better informed*.

As a listserv member, you will periodically receive site-related information/announcements for all contaminated sites in the county(ies) you select. You may continue also to receive paper copies of site information for a time after you sign up with a county listserv, until the transition to electronic distribution is complete.

**Note:** Please disregard if you already received this notice by way of a county email listserv.
