**RE: MINOR MODIFICATION TO PART 373 HAZ
WASTE PERMIT**

Norlite Corporation
CEM Analyzer Upgrade
EPA ID # NYD080469935
DEC No. 4-0103-00016/00016
City of Cohoes / Town of Colonie, Albany County

Dear Mr. Van Vranken:

This letter is in response to your request for a permit modification received on March 18, 2011 for the above referenced facility. The permit modification is being requested to address the replacement of the CEMS analyzers. This permit modification is a minor modification pursuant to 6 NYCRR 373-1.7(c)(1)(iii) - *Equipment replacement or upgrading with functionally equivalent components*. The changes do not substantially alter permit conditions or reduce the capacity of the facility to protect human health or the environment.

To address the equipment upgrade, a new page (D-42A), was developed for insertion into the existing permit. The attached page is considered an official modification to the July 12, 2007 Part 373 permit. Please include this page in your copy of the permit.

Should you have any further questions, please don't hesitate to contact Karen Gaidasz of my staff at 518-357-2459 or kmgaidasz@gw.dec.state.ny.us.

Sincerely,

Michael T. Higgins
Deputy Permit Administrator
