PERMITTED CONSTRUCTION & DEMOLITION DEBRIS HANDLING AND RECOVERY FACILITY

A Construction and Demolition Debris Handling & Recovery Facility (CDDHRF) is a processing facility that receives and processes construction and demolition debris for recovery, transfer or disposal. Further information and a listing of the registered and regulated construction and demolition debris processing facilities are available online at <http://www.dec.ny.gov/chemical/23686.html>.

This annual report for is specifically for permitted CDDHRFs. If your facility is a registered CDDHRF, you need to submit a Registered Construction & Demolition Debris Handling and Recovery Facility Annual Report.

If your facility is authorized to operate a construction and demolition debris landfill, you need to submit a Construction & Demolition Debris Landfill Annual Report. If your facility is authorized to process construction and demolition debris and operate a construction and demolition debris landfill you must submit both annual reports.

If your facility is authorized to operate as a transfer facility, you need to submit a Transfer Facility Annual Report instead of a CDDHRF Annual Report. If your facility is authorized to operate as a transfer facility and as a CDDHRF you must submit both annual reports.

If your facility is authorized to operate as a recyclables handling and recovery facility, you must submit a Recyclables Handling and Recovery Facility Annual Report instead of a CDDHRF Facility Annual Report. If your facility is authorized to operate as a CDDHRF facility and a recyclables handling & recovery facility you must submit both annual reports.

Forms for all solid waste management facilities can be found at <http://www.dec.ny.gov/chemical/52706.html> and a brief description of each type of facility can be found at <http://www.dec.ny.gov/chemical/8495.html>.

Annual Report

Submit the Annual Report no later than March 1, 2021.

Reporting of the information indicated on this C&D Debris Handling and Recovery Facility Annual Report form is required pursuant to 6 NYCRR Part 360. Failure to provide the required information requested is a violation of Environmental Conservation Law. Timely submission of a properly completed form to the Department's Regional Office that has jurisdiction over your facility and to the Department's Central Office is required to meet the Annual/Quarterly Report requirements of 6 NYCRR Part 360.

Where the Annual Report requirements have been modified, appropriate Sections (as necessary to reflect the modification) must be completed and submitted with a copy of the Department's written notification which allows the modification.

Entries on the report forms should be either typewritten or neatly printed in black ink. Attach additional sheets if space on the pages is insufficient or supplementary information is required or appropriate.

Useful Definitions

SECTION 3 – SERVICE AREA OF MATERIAL RECEIVED

Identify the facility's service area by indicating the type of material received, the Solid Waste Management facility (SWMF) from which it was received (or Direct Haul), the corresponding State/Country, the County/Province, and the NYS Planning Unit from which waste was received. **Refer to the list of NYS Planning Units that can be found at the end of this report.** The total amount reported here should equal the total amount reported in Section 2 (Material Received).
DO NOT REPORT IN CUBIC YARDS!

Additional Service Area Guidance:

1) Direct hauled from the generator of the material. In the case where the material is hauled to your facility from the generator (i.e. hauled from residences, job sites, commercial establishments, etc.), "Direct Haul" is the appropriate response in Column 2 under "Service Area." Please report the tonnage by material type and identify the state, county and planning unit where it was generated;

2) Sent to your C&D Debris Handling and Recovery Facility from another solid waste management facility. Material may be sent to your C&D Debris Handling and Recovery Facility from another solid waste management facility. In this case, please report the tonnage by material type from each sending solid waste management facility, as well as the sending facility's name, address, county, and the planning unit where the sending facility is located.
