Export ▾

Annual | 2021

The status is completed therefore all fields are currently locked. If you need to edit any part of the response, please contact the NYS Electronic Equipment Recycling & Reuse Act Program Program Manager(s).

(January 1 - December 31, 2021 Reporting Period)

Due: March 1, 2022

This online annual report form must be completed in accordance with the New York State Electronic Equipment Recycling and Reuse Act (Environmental Conservation Law, Article 27, Title 26). Each registered electronic waste consolidation facility is required to report annually to the NYS Department of Environmental Conservation (Department) by **March 1st**, for the previous calendar year.

Each registered electronic waste consolidation facility must complete and submit this online annual report form by **March 1st**.

Electronic waste consolidation facilities that operated during the previous calendar year must also complete and submit the separate and supplemental **Electronic Waste Received at Consolidation Facility** form located back on the Workspace page.

Electronic waste consolidation facilities must also maintain all supporting documentation regarding the management of electronic waste (e.g. registration/reporting forms, shipping invoices, bills of lading, etc.) on-site for a period of three years for data verification purposes.

Failure to submit a complete and timely annual report, including the certification form with appropriate signatures, will subject the electronic waste consolidation facility to civil penalties under the Act.

You will need to notify the Department via e-mail or phone if a change is necessary after submittal. The Department will then grant you access to edit information previously submitted.

Please direct all questions regarding the content of this annual report to [ReTRAC.Ewaste@dec.ny.gov](mailto:ReTRAC.Ewaste@dec.ny.gov) or call (518) 402-8706.

## Hazardous Waste Exemption

Electronic waste is potentially a hazardous waste. Electronic waste directed for recycling is exempted from regulation under the hazardous scrap metal exemption (6 NYCRR 371.1(g)(1)(iii)(b)), or excluded from regulation under the processed scrap metal exclusion (6 NYCRR 371.1(e)(1)(xiii)) provided that scrap metal will ultimately be reclaimed.

Completion of the Hazardous Waste Exemption portion of this annual report form satisfies the requirement to submit a "c7" notification to the Department pursuant to 6 NYCRR 371.1(c)(7), which states, in part: "Parties who raise a claim that a certain material is not a solid or hazardous waste, or is exempt or conditionally exempt from regulation, based on the intent to reclaim, recycle or reuse, must notify the department, in writing, before utilizing the exemption or exclusion."

Collection sites, consolidation facilities and recycling facilities must list the facility type, name, and address of each entity to which electronic waste will be sent in the table below. Recycling facilities must also list the entity type, name, and address of each scrap metal recycler and smelter to which electronic waste component materials will be sent.

This list of intended downstream vendors for the current program year must be kept current. This Hazardous Waste Exemption portion of the online registration and annual report must be updated within 30 days of an anticipated change in vendors.

It is unlikely that scrap metal recyclers or smelters will have registration numbers. In addition, registration numbers are not applicable for out-of-state facilities. Electronic waste recycling facility registration numbers are available on the Department's website at: <http://www.dec.ny.gov/chemical/73670.html>.
